Dear Friends:

I would like to take this opportunity to extend my congratulations to the Youth Orchestra, CYCNY on the occasion of its Annual Concert at Lincoln Center 2017.

Since 1996, the Queens-based youth orchestra has achieved great success by providing training and performance opportunities for young people seeking to polish their abilities as a member of an orchestra. This year marks the 15th Annual Concert hosted by the Youth Orchestra.

The Youth Orchestra offers a unique repertory including: Classical, Popular, Jazz, Broadway, Film and Asia Music while organizing concert tours in Asia, Europe and across the East Coast. By providing a free holiday performance for the community, the Youth Orchestra works to promote the diverse musical culture that makes New York City a worldwide center for the arts.

I commend the members of the Youth Orchestra for your dedication and commitment to providing these important services to the community, and thank you for your continuing contributions to the City of New York.

Once again, congratulations to the Youth Orchestra for its Annual Concert. Please accept my best wishes for continued success.

Sincerely,

Peter Koo

YOUTH ORCHESTRA, CYCNY

The Youth Orchestra has served the Queens community since 1996, and has been a 501 (c) (3) organization since 2002. Our mission is to provide orchestral training and performing opportunities for musical students ages 10-18, with a unique repertory that includes Classical, Popular, Jazz, Broadway, Film, and Asian music. The orchestra premieres and commissions works by American and Asian composers and has organized eleven summer concert tours to Asia, Europe and the East Coasts for global cultural experiences. New members are recruited through auditions in September and January. Weekly rehearsals take place at Middle School 158 in Bayside, New York from September to June. Our teaching faculty members are: Chijen Christopher Chung, music director and strings instructor, Chi-Ching Grace Lin for percussion, Lovell Park Chang for winds and brass, and Tony Huang for strings. The orchestra presents two formal concerts annually: one holiday concert, free for the community during the holiday season in Queens; and an Annual Concert at Lincoln Center in the spring. The Orchestra also serves the Queens community by performing concerts at senior centers, community centers, and nursing homes.

During the 2016-17 season, the orchestra performed a Christmas Concert at Silvercrest Center for Nursing and Rehabilitation on December 11th, and a Holiday Concert at Benjamin N. Cardozo High School in Bayside, Queens on December 18th. Additional concerts are the Annual Concert 2017 at Alice Tully Hall, Lincoln Center on May 20th; and the Taiwan Center Concert in Flushing on June 3rd.

The sponsors of our 2016-17 Season are: The New York City Department of Cultural Affairs and the New York City Council designated by New York City Councilman Peter Koo; Culture Center and Taipei Cultural Center of Taipei Economic and Cultural Office in New York, as well as foundations, corporations, and individuals. 流行版本正字歌詞

獨夜無伴守燈下，清風對面吹；
十七八歲未出嫁，搵著少年家；
果然標緻面肉白，啥家人子弟？
想欲問伊驚歹勢，心內彈琵琶。

想欲郎君做翁婿，意愛在心內；
等待何時君來採，青春花當開；
聽見外面有人來，開門共看覓；
月娘笑阮蠢大呆，予風騙毋知。

School : Fiorello LaGuardia High school

What piece would you like to play in the near future?

The next piece I would like to play would be music from Broadway musicals for example... Hamilton, Wicked, Kinky Boots. Also I would wanna play pop songs like as a modern day music but also music from the past from Bach or Beethoven. Also I would wanna play more music of Vivaldi.

What has been the best part of your CYCNY orchestra experience thus far?

Before entering LaGuardia I already knew what it felt like to be in an orchestra thanks to CYCNY. Before entering CYCNY I had no experience which made me scared but as time passed and me adapting to what it felt like to be in an orchestra I no longer felt scared. The best part of CYCNY has been the music we have played so far, my teacher told me that new music boring or not will always have a challenge and that's something I like. Which has made me enjoy CYCNY by the variety of music we play.

Why do you like playing your instrument?

I feel that my instrument has gotten me

somewhat far in life. Music is my passion and the violin can be me, loud and screechy but can also have a melodic sound that no one has ever known which makes me love it. In classical music and modern and other genres of music that the whole world knows, the violin is a part of it and I feel like maybe someday I will be apart of it too.

What piece would you like to play in the near future?

It is the last year for me to stay in Youth Orchestra. If there is one thing that I felt is incomplete, it will probably be the missing of The West Side Story by Leonard Bernstein.

What's your favorite kind of music and why?

My favorite kind of music is electric violin dubstep music. I discovered this kind of music through Lindsey Stirling who writes this music. I find the music much more interesting and different from other pieces of music that use the human voice. This kind of music uses so many different textures that make you want to jump up and down or just lay down and cry. The music uses different sounds in the background to help add to the violin. I also really love how it takes away the stereotypical classical-mozart-violin and makes it into a more modern violin. Whenever I listen to this music it motivates me to try to write my own music like this so that other people can feel what I want them to feel through music. Violin dubstep has really changed the way I view music and it inspires me do the same for others, because not enough believe that this kind of music is 'music' and i really want to change the way people view this music.

What has been the best part of your CYCNY orchestra experience thus far?

I am a newcomer to CYCNY. Since joining the orchestra, I have enjoyed the weekly practice and met many new friends. I appreciate the learning and coaching from my mentor, and have improved in my skill with the violin. CYCNY has given us many opportunities to perform at various venues and I am excited to be performing in our concert at Lincoln Center in May.

Favorite part of orchestra : My absolute favorite part of this orchestra are the sectionals, where we focus on the smallest mistakes and correct them to make the overall final piece sound as perfect as possible.

Why do you like playing your instrument?

I don't exactly have have a specific reason; I just do. There's something really satisfying about being able to create music that's enjoyable and pleasant to listen to. The fact that I can make these different sounds and play with different styles makes me feel in control. When I started violin, I could've chosen viola, cello, or bass instead, but I kind of already knew that I wanted to play the violin. It was just instinct and I haven't regretted my decision.

What has been the best part of your CYCNY orchestra experience thus far?

I've met many new people and made friends who all share the same love for music as me. Some of the people who I get to see weekly have become some of my closest friends. It's nice being able to meet people through a common interest.

What are your summer plans?

I am going on my annual trip to Boston, and then to Maine to hike in Acadia. I'm also looking forward to my annual camping trip in Pennsylvania.

What piece would you like to play in the near future?

I would like to play a piece from the Undertale soundtrack, such as CORE, Death by Glamour, Megalovaina, and others.

What kind of hobbies do you enjoy?

I like playing video games (heh) like any other average child. I also like having a Nerf War with my friends. Although I'm not athletically gifted, I enjoy swimming, hiking, biking, and skiing.

Name : John Dong

School : Central Boulevard School

Grade : 5th

Instrument : Violin

Why do you like playing your instrument?

I enjoy playing my instrument because it can alternate between different sounds and I personally enjoy playing and learning more about the violin.

What is your favorite kind of music and why?

I enjoy listening to pop music since it's not too violent like heavy metal and it's not overly calm. I also enjoy listening to pop music because the tune is not too complicated.

What's your favorite kind of music and why?

I like listening to Nightcore while doing my homework, studying, and whenever I have free time. Also, I like to listen to Studio Ghibli music because it comes from one of my favorite movies. A better alternative if my parents ask me to listen to is classical music.

What are your summer plans?

I'm going back to Taiwan for a few weeks to visit family and friends, and to finally take a breath. After that, I hope to continue volunteering at the local children's hospital, and hopefully shadow at another hospital for fun! High school's over, and it's only a period of time before more work begins in college. What's your favorite kind of music and why?

Recently, I started listening to megamixes a lot, and they've started to really become my favorite kind. A megamix or any sort of mix really just combines a few songs (some that I've listened to do 10+) and creates this amazing meshwork that sounds simply amazing. A lot of the ones that I listen to use pop songs, and it kind of makes me appreciate the modern music that I loathe on the radio. Many YouTubers work tirelessly to build so many different songs on top of the single motif in one song, and it results in this fascinating phenomenon. It's incredible how the songs still maintain their individuality but harmonize and proceed so effortlessly.

What piece would you like to play in the near future?

I would LOVE to play Sibelius's Concerto in D Minor, Op.47: Allegro moderato. There's a certain kind of flair to the (about) 20 minutes in this movement that I love to listen to on a daily basis. It's famous as Sibelius's only concerto, but it really travels through a melodious journey that culminates in such a satisfying ending. I would love to play it in an orchestra, or even as a soloist, as both parts are equally special and stand out in their own ways. But then again, there are so many stark contrasts throughout the song - the powerful against the calm and serene, the articulate versus the flowy and legato, it really is an epitome in classical music, and is renowned for all the right reasons.

Free Space : (Bear with me; sorry this is so long!) Wow, this is 9 years in the making of such a bittersweet moment. I'm really going to miss coming to orchestra rehearsals every Saturday afternoon, and after all this time, I'm really in awe of how our orchestra's transformed. For now, I'm just going to bask in the light of this moment, and savor every bit of it. It's my last concert with CYCNY at Lincoln Center, and it's a time I can't repeat ever again. Thank you so much to CYCNY for such a memorable 9 years of long but fun practices. Thank you to all the current and past directors and faculty of the orchestra (too many to remember, but especially Chris, Lovell, Jason, Patsy, Grace in the recent years) for mentoring me and for always being such positive, supportive constants for all the members in the orchestra, for immersing us in all different genres of music, for expanding our musical scopes in our individual journeys with CYCNY. Thank you to all the alumni who still come back as ringers on occasion and who sit in the audience, continuing to listen to our music. I really wouldn't trade my Saturdays for the last nine years for any other activity or any other orchestra, because CYCNY is really special and I hope it continues to grow even after we all leave. Good luck to all the current and new orchestra members next semester for better years to come. For the last time, sit back, relax, and enjoy the show!

YOUTH ORCHESTRA, CYCNY

Name : Mitchell Jung

School : Shelter Rock Elementary School

Grade : 6th

Instrument : Cello

This semester/year has been a milestone for me as a musician, as an artist. My name is Mitchell Jung, and I am a new member in the orchestra CYCNY.

CYCNY came into my life technically before I was even born. My brother Matthew Jung came to this orchestra when he was fourteen, which was in 2005. He was there until he went off to college. I have just started here in CYCNY at age 12 and I hope I can stay until I go off to college.

Playing the cello has been something that I have wanted to play since I was in third grade, and I've always loved the deep and strong sounds of the cello and the range of notes that it has. Then fourth grade hit, and I finally decided to try the cello, and see if it really was an instrument I wanted to try.

I like playing my instrument because playing my instrument gives me the joy that I have full control of how I play something and the amount of passion that I want.

Playing the cello gives me a sense of accomplishment, and proves to me how long I have been playing a musical instrument, and how playing the piano helped me learn other instruments, and help me in life.

The best part about CYCNY is that the songs that we play are so much harder than the songs that I play in my school orchestra. Also, in CYCNY, I get to widen my experiences and can learn how to cooperate with others, and blend my sound with other instruments.

Playing the cello and being a part of CYCNY means a lot to me, and I enjoy being part of the group, exploring and playing our instruments together.

Name : Lillian Kwong

School : Bronx High School of Science

Grade : 11th

What are your summer plans?

My summer plans are to just enjoy my last summer as a high school student before I need to worry about moving into college dorms and transitioning into the college life. I plan on doing that by doing what I love best, volunteering at a community health center, and if possible, sit in a chair and be a lifeguard for a while.

What piece would you like to play in the near future?

I would like to play selections from Les Miserables and Hamilton in the near future because they are all famous Broadway musicals. We played Phantom of the Opera and Cats a few years back, so I believe that we are capable of playing selections from those two musicals.

What has been the best part of your CYCNY orchestra experience thus far?

I don't know if this will make me seem like a bad orchestra member, but my favorite part about orchestra is not making music with my fellow orchestra members (although it is #2 on that list) but bonding with each other during snack time. I feel this orchestra has allowed me to expand my circle of friends and find something that connects all of us, music.

Why do you like playing your instrument?

I really like playing percussion because it is a really good way to relieve stress. I first started playing piano (p.s. for those who don't know, piano is a percussion instrument) then I switched over to mallet percussion. Learning mallet percussion has been a really rewarding experience. Learning how to play a solo piece with four mallets had always seemed so cool, and now, I had made that dream come true by learning how to play.

What are your summer plans?

I am going to attend the summer program at Bayside High School and I will also be attending Summer Paradise (Summer Camp).

What is your favorite kind of music and why?

I really don't have a preference for music genres anymore because i don't really listen to music anymore.

What has been the best part of Your CYCNY orchestra experience so far?

I think hanging out with my friends during snack time can be one of the BEST PART during CYCNY

Why do you like playing your instrument?

i like playing percussion because there isn't really any sight reading and i feel that it is easier.

Name : Marcus Lee

School : Nathaniel Hawthorne
Middle School 74

Grade : 8th

Instrument : Alto Saxophone

What is your favorite music and why?

My favorite music to listen to is alternative rock, I like the way guitars, basses, and drums sound together. In my opinion, I think that alternative rock has lyrics that have meaning, and everyone can relate to.

Why do you like playing your instrument?

I enjoy playing the alto saxophone for many reasons. One reason why I enjoy playing the alto sax is because the sound it produces is satisfying and relaxing, unless it starts to squeak of course.

What are your summer plans?

During the summer, I am planning to go to Iceland with my aunt and my cousin. It might not be a hundred percent chance of going, but I am really looking forward to it. I've been to countries in Asia for example South Korea and Taiwan, but I've never been to countries in Europe.

Name : Sarah Leung
School : Stuyvesant High School
Grade : 9th
Instrument : Flute

I like to play the flute because it is a gentle instrument with an amazing sound, and I can do so much with the flute. In orchestras, it can be used as harmony, melody, background rhythm, musical effects, and to set the color of the piece. When I play the flute, I can feel the warm air rush down the instrument, and even if I cannot hear myself, I can feel the note being played. It is this feeling that makes the flute, also, a very enjoyable and calming instrument. The flute has given me many new opportunities, especially as a freshman in high school. Over the summer, I plan to volunteer in the Weill Cornell Hospital to help patients in the cardiac care unit.

Name : Eric Liang

What are your summer plans?

This summer I'm going to a CTY summer program for 3 weeks at Skidmore College for a biology course. I'm very excited to learn and meet new friends there. Then I'm going to be headed off to Taiwan and I hope to enjoy all the wonders off Taiwan from the night markets to all the great scenic mountain views.

What's your favorite kind of music and why?

My favorite kind of music would be classical. Classical music is very soothing and calming and it is proven to increase concentration levels. I thoroughly enjoy listening to all the pieces and aspiring to one day play those pieces as well.

Why do you like playing your instrument?

I like to play the viola for numerous reasons, but the main reason would probably be just how unique of an instrument it is. The point being that not many people play the viola or even know what it is. The viola usually is the glue of the orchestra, they have the harmonies that support and help bring out the melody. This quality and characteristic partially reflects my personality. I would say I'm quite shy at times and wouldn't want the spotlight that would be obtained by a violin with its long melodies. Viola have a lower tone than violins and a higher tone than cellos, in my opinion hitting the sweet spot for sound.

What has been the best part of your CYCNY orchestra experience thus far?

The best part of CYCNY so far is all the great friends I have made during this experience. I also love the music which we play and playing in all of the concerts.

Why do you like playing your instrument?

I enjoy playing the clarinet because I feel like as I play and practice more, the music continues to sound better and I really like the sound of the clarinet, it's not very high or very low.

Name : Christopher Lim

What are your summer plans?

My summer plans are to get a volunteer job. I look forward to go to a sleep away scout camp. I also want to do outdoor activities to keep myself fit.

What has been the best part of your CYCNY orchestra experience thus far?

The best part of my CYCNY orchestra is the first time I stepped into Alice Tully Hall. I was shocked that it was so big and also looked so advanced. I had never been on a stage that is so big and opened. It was a great feeling to be able to play in this well-known music hall.

Why do you like playing your instrument?

I like playing my instrument because it can play very soft and soothing music but could also play music that is very energetic just like pop music.

YOUTH ORCHESTRA, CYCNY

What piece would you like to play in the near future?
 There is a lot of song I would like to play in the future, but I would actually like to play modern songs. The tune in the songs seems more familiar than other songs we play I this orchestra.

What has been the best part of your CYCNY orchestra experience thus far?
 The best part of my CYCNY orchestra experience SO far (the year is not over yet) is when we had the Christmas concert in Cardozo High School. It was fun and exciting, even though i WAS nervous. but at the end i felt so happy.

Name : David (Pin-Yi) Lin
School : Syosset High school
Grade : 11th
Instrument : Trumpet

What are your summer plans?
 I plan to draw a lot during this summer, as well as preparing for and making my college application. I know it's going to be a hard process, especially for everyone else in my grade, so I have to plan these 2 to 3 months wisely. On the flip side, I'll be able to enjoy the vacation creating sketches and concepts for video games since I want to pursue a career in video game art and design. College representatives have told me to start making stories and create sketchbooks dedicated to animals, people, and scenery, as well as doing some animation. I've already been making a video game myself since December and it's been going pretty well. I hope that I can finish the project soon. I'm also gonna try to get into the School of Visual Arts Summer Program to learn how to use Maya and other 3D programs.

What piece would you like to play in the near future?

Probably Nobuo Uematsu's "To Zanarkland" or other Japanese video game compositions because they provoke such vigor to the audience both young and old, making it very enjoyable for everyone. Sometimes at home I would play some music from some games such as "Journey" and my dad would ask me what the music is from. Whenever I reply, he is surprised by the fact that video games are able to have such beautifully orchestrated music. In my opinion this is much better than playing pop songs because it gives more energy and excitement to the youth orchestra members. Nintendo even has it's own orchestra to use. The London Philharmonic also had a concert dedicated to the greatest hits in video game history, which is a lot of music in one concert if I do say so myself. I've made this same argument with others as well, and my previous bios have included it as well. In the past, me and my friends would listen to some music and our conductor would joke around saying that we will play this song. However, I think some songs deserve this appreciation from people who haven't experienced the craftsmanship that is this genre. I hope this is something extraordinary that we can do because it will satisfy and amaze so many people.

What are your summer plans?

This summer I am going to Taiwan. I love going to Taiwan there is so much stuff to do and you get to go to another country.

What's your favorite kind of music and why?

My favorite kind of music is classical because it makes me feel relaxed. Classical music also gives a sense of respect for other people's work and that they existed a long time ago.

What piece would you like to play in the near future?

I don't really know a specific one of the top of my head. There are to many good songs out there to pick from.

What has been the best part of your CYCNY orchestra experience so far?

The best part of the experience is performing at Lincoln center in front of hundreds of people. All of the hard work and dedication has come to that one moment where you get to perform.

Tell us a memorable moment you had with CYCNY!

A memorable moment I had was when I was in fourth grade. I remember it was my first time performing in Lincoln Center and everything was so big and it felt good on the inside. There was this feeling of being proud that you get to perform on one of the worlds best music halls.

Why do you like playing your instrument?

I like playing the French Horn because it is very unique. It has a unique shape and sound. It feels very powerful in my hands.

School : Manhasset High School

What's your favorite type of music and why?

Christian and hip hop are my favorite types of music since they affect my emotions in unique ways. This summer, my brother and I are going to Cambodia to teach students English.

YOUTH ORCHESTRA, CYCNY

Name : Justin Lin
School : Benjamin N. Cardozo High School
Grade : 10th

Instrument : Trombone

What has been the best part of your CYCNY orchestra experience thus far?

The best part of my CYCNY orchestra experience is talking with friends and just having an enjoyable time. In addition to this, playing music that is fast paced and exciting. Songs that I can easily recognize or have these addicting rhythms that get stuck in your head after you practice it for a while.

Why do you like playing your instrument?

It's unique to other instruments, like the slide aspect of the instrument. You can perform a glissando, which basically is blowing from one slide position to another without tonguing anything and to keep constant air flow.

Name : Vivienne Lin
School : Nathaniel Hawthorne 74Q
Grade : 7th

Instrument : Violin

What's your favorite kind of music and why?

I'm fine with any type of music, other than the slower peaceful ones. I prefer those type with more action, excitement and a upbeat theme to it.

What piece would you like to play in the near future?

I would like to play a more modern song in the near future. Instead of making every song we play classical, we could try a more bold selection, such as last year's song "Jupiter"! What has been the best part of your CYCNY orchestra experience thus far?

The best part of my CYCNY orchestra experience is the performance in Alice Tully Hall, Lincoln center! I'm pretty I'll have an even better time this year than the previous year. Tell us a memorable moment you had with CYCNY!

A memorable moment I had with CYCNY is food!!! Jkjk.. well, I really liked performing in the annual Cardozo High School Holiday concert, and practicing everyday with CYCNY orchestra! Why do you like playing your instrument?

I like playing this instrument because it has many parts to it in songs, and it acts like the topping; it carries out many solos of the of the overall song. I also like how there are many ways to play with the violin, other than the basic; playing with the bow. For example, legno is one of them. You get to hit the string with the wooden part of the bow to make an almost metallic sound.

What's your favorite kind of music and why?

My favorite kind of music is blues because it is filled with emotion and feeling. Blues can make you happy and excited but also sad. I like how blue songs are improvised and how each performance is different.

What are your hobbies?

I like playing the guitar, viola, and basketball.

Why do you like playing your instrument?

I like playing the viola because I like the sound of the instrument. It sounds powerful and beautiful at the same time.

What piece would you like to play in the near future?

In the near future, I to hope to play Schindler's List, and to be able to play it with vibrato, which I do not yet know how to do.

What are your summer plans?
 I don't have clear, definite summer plans yet, but I hope to spend time in the end of summer traveling to new destinations that I haven't been to before, and possibly learn new things.

What's your favorite kind of music and why?
 My favorite music genre is classical music, because it can invoke all sorts of emotions, thoughts, and imaginations while using few or no words. In addition, listening to classical music while working provides more efficiency and focus compared to listening to other musical genres.

Why do you like playing your instrument?
 I prefer to play the violin above other instruments because it is not only reasonably-sized in terms of portability (smallest string instrument) but has a beautiful, unique sound. It is the highest pitched string instrument, and, with strings tuned in fifths, can cover a wide range of sounds. The instrument can be utilized to play a variety of genres, from Western classical to country to folk and even non-Western music.

Name : James Tsai

What are your summer plans?
 During the summer, I'm planning to go to Italy and buy an Italian violin. My dream is going to be true!! Over there, I will travel all around Italy, then drive to Germany, and France. Sometimes when I sleep, I dream what will happen when I arrive at Europe. **What is your favorite kind of music and why?**
 My favorite genre of music is classical music because the classical music gives off wonderful and amazing melodies.

What piece would you like to play in the near future? I would like to play Tchaikovsky Concerto No. 1.

Please tell us about a memorable moment with Youth Orchestra, CYCNY.
 Being in Youth Orchestra is fun because there I can listen to the melodies and the sounds of different instruments around me. **They are a symbol of joy to me. Why do you like playing your instrument?**
 I like playing my violin, because the violin's sound makes beautiful and enjoying sounds. Lots of famous and good music are composed just for violins.

Please tell us about a memorable moment with Youth Orchestra, CYCNY?

Do you know the best time in orchestra every time is when we have snack break. I always play games (PS: My mom is always ferocious when I play games.) Also I just love to eat because every time they prepare awesome food!

How do you plan your summer vacation?

I plan my summer vacation going to the Caribbean and relax and swim a lot.

What is your favorite kind of music?

My favorite kind of music is rock music because they make me dance and do the hokey-pokey.

Why do you like playing the instrument you chose?

I love playing cello and piano because they make me feel like I am in cool air, no one bothering me. Name a music you like to play next!

A music I would like to play next is "all I want for Christmas is you" because really, I don't know why people are freaking out to go on stage to perform, I mean like chillax, take a chill pill and eat some humble pie!

I HOPE YOU ENJOY THE CONCERT!

Name : Alexis Weng

School : Baccalaureate School

Instrument : Cello

What piece would you like to play in the near future?

I really like Joe Hisaishi's music such as the spirited away soundtracks and the howls moving castle soundtracks. I think it would be nice to play an orchestra arrangement of one of his songs.

What has been the best part of your CYCNY orchestra experience thus far?

My favorite part of all the 3 years I've been in CYCNY would most likely be last years Taiwan Center concert. I met most of my friends that year and ever since, I've been having a great time at all the concerts and rehearsals.

Tell us a memorable moment you had with CYCNY!

All CYCNY moments were memorable but I remember when I first joined orchestra a few years ago (to be honest, it wasn't that long, 3 years?) and I was truly amazed by how good the music sounded with so many different instruments. Thinking back at that time, I feel that we've come a long way.

Name : Vicky Wong

School : P.S.220Q

Grade : 5th

Instrument : Viola

What are your summer plans?

I plan to go to Accelerate Academy in Flushing for 7 weeks. During the same time, I also want to learn ice skating. Then for the last 2 weeks of summer vacation, me and my mom are going to tour all over Europe.

What's your favorite type of music and why?

I like pop because of it's catchy rhythm and style. I like almost all American pop songs but I've never actually listened to other pop music other than American. For example, I've never listened to Kpop music.

What piece would you like to play in the future?

Probably symphony number 5 by Ludwig Van Beethoven because of it's feeling. The dark scary mood tells Beethoven's story but the little bits of cheerful parts in the song also fit in.

Why do you like playing your instrument?

I like playing the viola because it's not too high pitched and because I don't always get hard melodies that I can't keep up with.

Name : Daniel Xu

School : Stuyvesant High School

Grade : 11th

What are your summer plans?

Last year, I took a chemistry course and I developed a keen interest in that subject. Chemistry has a mix of math and science and I had a much easier time understanding the topic compared to biology. This grade I decided to take a class for the Regeneration Science Talent Search. Because of this, I plan to go into a research lab and work on my research paper during the summer. As a result, I will learn how to write an effective research paper, which would help me in my pursuit of chemistry-related majors. This will be an amazing experience to work with professionals and become more familiar with chemistry besides what I learn from the classroom and from reading books.

Oh, and I can't forget to keep practicing my trombone!

YOUTH ORCHESTRA, CYCNY

Name : William Xu

School : Roslyn Middle School

Grade : 7th

Instrument : Percussion

What is your favorite genre of music?

My favorite genre of music would probably be classical music. It is very relaxing and soothing and I have always listened to it with my parents since I was a child.

What is your favorite music?

My favorite piece of music this year is Fantasia in D Minor. I played it for my piano NYSSMA and I think it is a beautiful piece of music.

Why do you like playing your instrument?

I like playing percussion because it strikes me as very unique. Unlike the piano or violin which are very standard, it is much harder to hear the "music" in drums. In order to make the drums sound musical instead of just noise, you need a lot of control and creativity. I feel like you can express your personality and feelings on drums very well which allows every drum musician to sound different. I think that once you start to understand drums and why they are very important in any orchestra or band, they will become much more appreciated. Anyways, drums have become part of my life now and I really enjoy playing them. I hope you enjoy the concert!

Tell us a memorable moment you had with CYCNY!

It was the very first audition I had with the orchestra. I was probably around 8 years old. It was with Chris, Jeffrey (the former conductor), and a few other scary looking people. I had to use the bathroom, but I was too scared to ask them to go. I had to play a piece that I wasn't prepared for. Things weren't looking too good for me. Sure enough, I absolutely failed the piece that I had prepared to play for them, and messed up many times on the sight reading that they had given to me. Not knowing what to do, I just started crying like the little elementary schooler that I was. I think they felt really bad for me, cause they ultimately let me in.

Free space : Wow. It's honestly felt like forever when I first got here. I used to be such a kid, and now I'm one of the big kids. I remember looking up to all of the seniors and presidents and vice presidents and hoping to one day be as good and responsible as they were. Well, I'm neither good nor responsible (just kidding), but at least I'm vice president. When it comes to CYCNY, I can't really think of a specific "best part". Instead, I think that it's the little things that make playing here as amazing of an experience as it is. It's the chatter of the younger kids eager to make it to break time, or the corny little jokes that Chris makes (too many times). All in all, the environment here at CYCNY is what truly makes it so special and such a pleasure to be a part of. I've seen people come and go, and have seen the people here as a community grow in ways that you don't commonly see in a group of individuals that meet once a week. We've gone through hardships and trials along the way, but never hesitated to pick each other up. This is my last concert with these guys. It took time, but it's finally sinking in for me. It has truly been a blessing for me to be playing with this wonderful group of people. So don't mind this unnecessarily long bio and please enjoy the show!!!

Name : Rayna Zhang

School : Ballet Tech

Grade : 5th

Instrument : Flute

Why do you like playing your instrument?

I like playing the flute because it sounds very peaceful when I'm playing slow, and energetic when I'm playing fast.

Tell us a memorable moment you had with CYCNY!

A memorable moment I had with CYCNY is the first day of orchestra practice, because I didn't know anybody there, and was afraid I would be lonely. But luckily, I made a new friend the same age as me on the first day! I'm always grateful how I can be with CYCNY and have a wonderful experience as a young musician.

What has been the best part of your CYCNY orchestra experience thus far?

The best part of my CYCNY orchestra experience so far is every orchestra practice. Whether it's snowing or raining outside, all the members of CYCNY still play the best they can. I am very fond of that.

YOUTH ORCHESTRA, CYCNY

Name : Tina Zhao
School : Herricks Middle School
Grade : 7th
Instrument : Violin

Why do you like playing your instrument?
When I was around 5 or 6, I saw one of my best friends, playing her violin on stage. I wanted to be like her too. And I knew that it would be hard to "shine" with all of the other people also playing violin, like me. For me, I love to play my violin knowing that if I try hard enough, I will be able to succeed, just like my best friend.

What is your favorite part of being with CYCNY?
Before orchestra, I have to go to tutoring for ELA and math. It's very boring, but next I have orchestra. I always anticipate going to orchestra, seeing my friends, and letting go of the stress and playing my violin. I also love hanging out with my friends at break.
Free Space: Sit back, relax, and enjoy the concert! Thank you!

Name : Yue Zhuo
School : The Bronx High School of Science
Grade : 10th
Instrument : Flute

What are your summer plans?
My current plans for the summer are to hopefully visit Quebec and Montreal, as well as do some early college visiting by going to the the New England area.

Why do you like playing your instrument?
I think the best part of playing the flute and being in the orchestra is the fact that since I'm not that good at the flute, I can hear myself slowly improve through the many technically challenging pieces that we play. The feeling you get when you finally conquer a passage you previously could not play is near indescribable.

What piece would you like to play in the near future?

In the future, I hope we can play pieces like Jupiter (although I would be setting myself up for an early death since it's super hard for me oops) because even though it's hard, the melody is very pretty and catchy; when everything comes together, it's very exciting to listen to. In addition, I hope we can venture into maybe k-pop or k-drama OST medleys? There are some really nice sounding songs out there that, if the proper arrangement is found, I believe will be very fun to play.
