Dear Friends,

It is with great pleasure that I extend my warmest greetings and congratulations on the occasion of the 2019 Youth Orchestra, CYCNY Holiday Concert at the Benjamin N. Cardozo High School. Kudos to Patsy Fang Chen, Artistic Director, Jason Chang, Executive Director and Chijen Christopher Chung, Music Director and Conductor for their ongoing commitment to artistic excellence. I am confident that Justin Liu and James Tsai, violin solos, along with all the talented young musicians will present a superlative performance this evening.

The Youth Orchestra, CYCNY is a Queens-based youth orchestra that was established in 1996. Its mission is to provide orchestra training and performing opportunities for young musical students age 10–18, with a unique repertory that includes classical, popular, jazz, Broadway, film, and Asian music.

The orchestra premieres and commissions compositions by American and Asian composers. Its adult organizers believe in global cultural experiences, which is why they have organized summer concert tours to Asia, Europe, and the west coast of the United States.

On behalf of the New York State Senate, I commend the Directors of the Youth Orchestra, CYCNY for their invaluable services. My sincere thanks to the young musicians as they pursue their dreams through the challenging and life-changing process of music education. As Antonio Vivaldi stated, "Words are the language of the heart and music is the language of the soul." And so, I would like to express my deepest gratitude and personal wishes for the continued excellence of the Youth Orchestra, CYCNY.

Sincerely,

A native of Kaohsiung, Taiwan, Mr. Chung began his musical studies in piano, violin and cello at the ages of five and nine. Following a successful musical career in high school, he attended the National Taiwan Normal University where he majored in cello, minored in piano and was awarded the Certificate of Music Education.

Upon moving to the United States, Mr. Chung studied under the tutelage of cellist Peter Wiley (of Guarneri String Quartet), at Conservatory of Music at Purchase College, SUNY, where he received both his Bachelor's and Master's Degrees in Music Performance.

Mr. Chung's wide professional experience encompasses symphony orchestra and chamber music performances, conducting, teaching, studio recording and administration. He served as Associate Principal Cellist of the Taipei Symphony Orchestra, Principal Cellist of the Yin-Qi Symphony Orchestra & Chorus, and the Yin-Qi Chamber Orchestra in Taiwan. He performed with the Chinese Community Chamber Orchestra at Carnegie Hall, New York Symphony Orchestra and the Amadeus String Quartet and Piano Trio.

Mr. Chung's teaching positions were at the Guang-Ren High School, Xi-Men Elementary School, and Guan-Du Christian College in Taiwan. He has been serving as the Music Director, cello and piano instructor at the Song of Songs Music School, Eastern School of Music, Amadeus Conservatory of Music, and Melody Time Music Center in the United States.

In 2003, he was the Music Director and featured cellist for the world premiere of an original Chinese-language adaptation of *A Streetcar Named Desire* at the Hwa-Sun Culture Center in Taipei, Taiwan.

With Youth Orchestra, CYCNY, at Alice Tully Hall of Lincoln Center, Chung performed Elgar's Cello Concerto as soloist in 2010, and Chung conducted the World Premiere of Yasuhiko Fukuoka's "Journey of a Thousand Miles" in 2012; the World Premiere of Steve Margoshes's "Symphony Dance from FAME- The Musical", as well as the US Premiere of Shui-Long Ma's "Searching" Concerto for Gu-Zheng and Orchestra, with Hao-Yin Huang as Gu-Zheng soloist in 2013; US Premiere Fu-Tong Wong's Symphony Condor Hero in 2014, and World Premiere Justine F. Chen's Mimesis Violin Concert with Min Yen Chien as violin soloist in 2016; and Hansol Choi's Higgsion Percussion Concert with Chi-Ching Grace Lin as percussion soloist in 2018.

Mr. Chung has long believed that music has the power to transform lives, to transcend cultures and languages and to bring people together in important and lasting ways. It is for this reason that he dedicates his life toward inspiring a new generation of young musicians to pursue their dreams through the challenging and life-changing process of music education.

James Tsai, Violin Solo

蔡彥至 小提琴獨奏

Born in Taipei, Taiwan, Yen Chih (James) Tsai began his musical studies in violin at the age of 6. Due to his raw talent, he was brought to study with a Korean-Canadian violin teacher, Hannah Kim, who won awards in major violin competition for several years. In elementary school, P.S. 173, he excelled and outcompeted his fellow peers around him. From 1st to 5th grade, he has performed solo pieces consecutively every year. Later, in order to hone his violin performance skills, he began to be under the tutelage of a Romanian-Canadian violin teacher, Joenne. During his three years in Marie Curie Middle School, he has sung solo pieces with his choir and played the violin as well. Currently, he is a sophomore at Bronx High School of Science and continues to pursue his passion in music such as Chamber Music Club and Orchestra. In the school orchestra, he is currently the assistant concertmaster and will be looking forward to be the concertmaster in the following years. Additionally, he and his younger brother, Hanks Tsai, have played duets for the Talent Show in Taiwan Center for three years.

Yen Chih Tsai joined CYCNY orchestra at age of 9 and he was one of the youngest members in the orchestra. He worked his way from the back seats in the 2nd violin section all the

way to the 1st violin section. So far, he is honored to be with orchestra to perform in Lincoln Center at Alice Tully Hall for seven consecutive years. Recently, Yen Chih Tsai earned 2nd place in American Protege International Competition of Romantic Music, one of the most reputable violin competitions throughout the world and will be performing at Carnegie Hall on December 14th.

Besides his zest in music, he enjoys playing sports such as swimming and tennis. He believes that playing music and sports would be enough to make oneself jubilant. Additionally, he finds that when one dedicates his body to music and sports, he would find "enlightenment". "Music is to the mind as air is to the body." - Plato

蔡彥至 (James Tsai) 出生於台灣台北，6歲就開始了小提琴音樂的學習；韓裔加拿大籍小提琴老師漢娜·金(Hannah Kim) 是James的啟蒙老師；漢娜·金曾在許多大型小提琴比賽中榮獲許多獎項。在小學PS 173五年裡，他表現出色，從一年級到五年級，每年都獲得獨奏表演的機會。後來，為了提升小提琴演奏技巧，James開始接受羅馬尼亞-加拿大小提琴老師喬安的指導。

在Marie Curie Middle School中學的三年中，他與合唱團一起演唱了獨奏作品，還獨奏小提琴。目前，他是布朗士科學高中的二年級學生，在校內，也積極於室內音樂俱樂部和管弦樂隊。目前James在學校樂團中擔當助理首席，並希望在接下來的幾年成為音樂會的首席。此外，他和他的弟弟漢克斯·蔡(Hanks Tsai)已連續三年在台灣會館表演特殊才藝。James九歲加入幼獅樂團，一路從樂團第二小提琴的後段班到第一小提琴的前段班。在這七年裡，他很榮幸能和幼獅樂團一起在林肯中心演出。

最近，James在美國Protege國際浪漫音樂比賽中榮獲第二名，這是全球最著名的小提琴比賽之一，並於12月14日在卡內基音樂廳演出。

除了對音樂充滿熱情，他還喜歡游泳和網球等運動。他認為，演奏音樂和運動讓自己充滿了活力。只要你投入其中，你一定會有和他一樣的領悟。「音樂對心靈就像空氣對身體一樣。」-柏拉圖

What are you looking forward to doing this winter? I want to go to Canada with my family to see my relatives and have fun. I also want to play in the snow and make a snowman.

If you could be any color in a crayon box, what color would you be and why? I would like to be white crayon because most of the people don't use the color white, which means that I would most likely be the last crayon to die out. Many people use white paper most of the time, so people won't need white crayon.

Who inspires you musically? My family including my pet fish. My pet always looks at me and listens to me when I'm playing the piano and violin. She makes me want to play more. My brother always challenges me with other players. He also makes me want to play more. My relatives are all musical in my opinion. I want to play music for my family to make them proud.

What are you looking forward to doing this winter? Anything besides doing school stuff. I really need a break from that. There is a lot more work this year. I'm taking 3 Regents classes and Spanish (study 3 hours of Spanish every night) which is a little too much for me to handle. Then all this high school stuff is here too - I visit open houses, take tests for the schools and prepare for auditions - all of this cuts into homework and study time. It may not sound overwhelming, but it adds up if you spend 30 minutes per core subject and then 3 hours on Spanish. Of course, there is also violin practice, orchestra practice, violin lessons to help me prepare for this concert. It's not like I'll take a break from violin practicing though. Well maybe sometimes I need a break from everything. So, I'm really looking forward to the holiday break!

Free Space: I'm not going to write a lot this winter: I just want to make sure the program has room for others who are writing long bios. You can look at last year's holiday concert program (last year was my first year in the orchestra) if you want to see my long bio. I'm definitely not writing a really long bio for every concert. I hope you like my bio anyway. Enjoy the concert!

What is your favorite piece of music and why?

Right now, my favorite piece is Jeux D'eau by Maurice Ravel. This classical piece has a very dreamy, gorgeous progression of its melody. Each cluster of notes rings as if they were strings of pearls flying and gliding through the air. A variety of emotions is conveyed through the pianist's fast, controlled flowing fingers throughout these complex chords and elements. The piece is played very freely and non-restrained as each lot differs from the others, keeping it really moving. This really gets me imagining into a different reality, as I daydream about exploring the many colorful and majestic hills, caves, forests and lakes around me. As of playing this piece, the pianist's fingers and wrists have to be really quick, controlled and relaxed. There is also much technique through pedal movement and lengthening certain parts of the piece. When at last everything is put together, the pianist must also show much expressiveness within the pedal, dynamics, hands and the rest of his/her body and heart. At the end, there are too many words to describe this piece as a whole! Jeux D'eau is elegant, glamorous, aesthetic, stunning, heavenly, mystical, charming, decorative, exquisite, graceful and divine. My personal favorite recording of this piece is by Tiffany Poon; I highly recommend you to check her playing Jeux D'eau on YouTube.

What are you looking forward to doing this winter? I am looking forward to this winter, because I am going to do a lot of fun activities with my girl scout troop. For example, I am going to eat pancakes with Santa Clause, and going to a winter carnival, and hopefully selling snacks at the carnival.

What is your favorite piece of music and why? My favorite piece of music in the Orchestra is " Les Toreadors ", because I have heard this piece of music in many places. This piece of music is fast and cheerful, it cheers me up just to hear it.

If you could be any color in a crayon box, what color would you be and why? I'd be diamond green, or blue. Mostly blue, because it is the color of the sky and ocean. It also means to me, that your heart is as big as the sky. The reason behind it, is also the same as my dad's reason and favorite color. Plus, it's also my favorite color.

Who inspires you musically? My music teacher, Mr. Zhou, he is a unique music teacher. He is very responsible of student's work. He helps me through tough times. He also encourages me. Once, he even stayed up late to 3:00am with me to hear me play the music piece through cell phone, until I play it the right way. He also hurt his eye, but he still comes to my house and teaches me. He even has to put eye drops in his eyes once, since he needs to put in eye drops four times a day. He helps me learn quickly, by making me practice until I reach the goal. He also makes me answer and think about the questions he asks me, and the questions I asked him. He also has very clever ways to teach.

How do you show your appreciation for your loved ones? I buy them gifts on every single bake sale in my school even for my puppy. I also always try to make them happy when they are not that happy. And I also say thank yous in a very cute manner.

Who inspires you musically? Honestly, my fellow orchestra members inspire me musically the most. Everybody in the orchestra holds an unbelievable amount of talent, and to be able to witness that extraordinary talent at rehearsal every Saturday is something indescribable. This holiday season inspired me especially because of our soloists, who both happen to be violinists, and seeing them perform put me in awe, which helped me realize how amazing music truly is.

My favorite music piece is The Sound of Music because I remember watching it with my 4th-grade class and enjoying the movie.

If you could be any color in a crayon box, what color would you be and why? I would be the color blue because it reminds me of how the sky would be when there are no clouds.

What are you looking forward to doing this winter? This winter, I'm looking forward to just chilling and having fun. I hope that my teachers won't give out homework for the winter break, which would be wonderful. I would like to make hot chocolate and just stay in bed, but I know that's not possible. But I can surely imagine it.

What is your favorite piece of music and why? My favorite piece is Los Toreadors from Carmen because it is very exciting and fun. This piece is incredibly fast and the tune is catchy. Another reason that this piece is my favorite is that there are a lot of interesting and fun surprises. Furthermore, this piece of music is challenging and this tune sounds like a melody played on a celebration of a victory, it also sounds like a march.

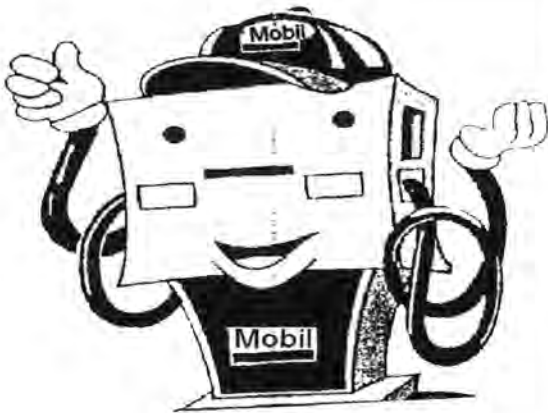

If you could be any color in a crayon box, what color would you be and why? I think I would be white because white usually has a positive connotation. Also in coloring, white is used to mix colors to create harmony or to highlight important details. In addition, if you accidentally drew a stray line using a white crayon, it would be hard to tell, therefore being a white crayon means that if I ever make a mistake such as in a math problem, it would be hard to notice.

How do u show your appreciation to loved ones? To show my appreciation for my loved ones I would try to make them proud of me, or I would thank them for what they've done for me.

Who inspires you musically ? In my opinion I feel like there isn't one person who inspires me. I feel like anyone who is better than me inspires me because they inspire me to practice in order to get to a high level of playing.

Name : Ethan Hung

What are you looking forward to doing this winter? I'm looking forward to attending my family's annual ski trip. Though we usually go to Vermont, we're planning to go to Maine instead this year.

If you could be any color in a crayon box, what color would you be and why? I would be the color black, since it's a very calming color. It doesn't evoke any strong emotions or feelings.

Name : Mia Hung

What are you looking forward to doing this winter? I'm looking forward to scheduling hang outs during the winter break with friends I wasn't able to meet up with over the summer break. Also, a family friend and his mother are visiting from California and I'm excited for this because they haven't visited in many years.

What color crayon would you be and why? I feel like I would be the color grey/gray because it is a muted color. It also has implications of "middle ground" because of it being a combination of black and white, representing that there is more than the regular two sides/duality.

My favorite piece of music is "Hungarian Rhapsody, Op.68" by David Popper. This is one of my more favorite pieces because there are both melodic, slower portions as well as quicker-paced lines of music that allowed for my fingers to flow freely across the fingerboard with precision. Musically, my emotions influence what I play. Oftentimes, I will play the cello when I am feeling sentimental, but if I am feeling happy and joyous, I use my guitar and play songs that make me feel happy. During the wintertime, I hope to increase my skill in playing the cello and guitar as well as take more vocal lessons to build up my musicality as a whole.

What are you looking forward to doing this winter? I am looking forward to going on vacation and maybe enjoying the weather. I'm also looking forward to having some snow this winter since winter is my favorite season and I love snow. It is nice to have some cooler weather because during the summer it is unbearably hot.

What is your favorite piece of music and why? My favorite piece of music is probably The Raiders March from "Indiana Jones" because I really like the movie. John Williams is a very talented film composer and a lot of his compositions are just great to listen to. I think it also really works in the movie and wherever the theme from Raiders March is played it is instantly recognizable.

If you could be any color in a crayon box, what color would you be and why? Purple because it represents a balance between good and bad. Purple, in my opinion, is not inherently good or bad. People may associated Blue to be good and Red to be evil. However, when you mix the two colors, you get purple and that is balance.

Who inspires you musically? I think my music teachers inspire me the most. They can always help me learn how to play better and also learn new things. My music teachers are not just teachers but they also perform, and watching them perform really inspires me.

How do you show your appreciation for your loved ones? I show my appreciation for my loved ones by making food for them. Food can make anyone feel better when they are having a bad day, and my making food for those people can make them feel better.

What are you looking forward to doing this winter? This winter, I look forward to having snowball fights with my friends and making snowmen with them. Another thing that I look forward to this winter is relaxing in my house with my family, and celebrating Christmas, even though I am not a church-goer. We prepare lots of food and have a feast, and we exchange presents on Christmas. I also look forward to going skiing on winter break, even though skiing can be difficult for me.

What is your favorite activity to do in your spare time? Why? My favorite activity to do in my spare time is to play video games and reading books. I like reading books because I can experience how the author writes, and I can improve my writing and improve my reading skills. I learn about events in the world, from the past, or present by reading. My favorite genre of books is historical fiction, since the books are based on real events, like WW2, but have fictional stories added to the book.

What are you looking forward to doing this winter? I am looking forward to winter break because I can spend time with my friends and family.

What is your favorite piece of music and why? My favorite piece of music would Christmas Rocks at the Pops because it is such an upbeat and bright holiday song.

If you could be any color in a crayon box, what color would you be and why? If I could be any color in a crayon box, I would be blue because I'm usually very chill.

Who inspires you musically? Lang Lang, a famous Asian pianist, inspires me because he expresses emotion when is on stage.

How do you show your appreciation for your loved ones? I show my appreciation by baking brownies, zucchini bread, or chocolate chip cookies for my parents.

What are you looking forward to doing this winter? This winter I am looking forward to the weather. Though controversial in terms of snow, I enjoy the time of wearing sweatshirts and just staying cozy in general. Winter is a time filled with festivity that fills everyone with joy and puts everyone into the spirit of giving and happiness. This effect winter has on others and myself make it an all around great time of the year. The season has always been my favorite and remains to be magical, with Christmas lights going up and the store decorations, just an all around amazing feeling in the air.

If you could be any color in a crayon box, what color would you be and why? I've always seen myself as the color blue, just like the sky and the sea. The color blue appears to be very tranquil and understated, which I believe to be parallel to my personality. Blue is scientifically lower heart rates, blood pressure, and even body temperature. It can have an effect on the pituitary gland, affecting our sleep patterns, and it can slow our breathing as well. Studies of memory have demonstrated that memory is enhanced by blue light, and blue light can even kill some bacteria. As a non-confrontational or bold person blue is just right with no brashness or in your face boldness. At the same time blue is an adaptive color with a wide range of hues and tints that are versatile and perceivable everyday. Even when looking at my wardrobe I can confidently say that 60% is most likely some shade of blue. When considering some of the other colors, I would say that red is to eye catching; orange is too bold; yellow is too bright; green is too nauseating; and purple is too dark. Thus I believe the blue crayon represents me the best.

Hope you all have a great holiday and enjoy the concert!

What are you looking forward to doing this winter? I am looking forward to the many vacations during the winter and playing with snow. Hopefully there will be enough snow this year to make a snow fort to play with my brother and sister. Where I want to go on vacation this winter is Hawaii because I have always wanted to go to a tropical island that is very relaxing.

What is your favorite piece of music and why? My type of music is pop. My single favorite song is Truth Hurts and Happier by Marshmello and Lizzo. These are my favorite songs because they really are unique in their own way. Happier is the type of song that is not sad, but not happy either. It kind of sounds in the middle to me. While Truth Hurts is more of an upbringing rap song. I really like this song because of how smooth it sounds.

If you could be any color in a crayon box, what color would you be and why? If I could pick any color out of a crayon box I would choose the color orange. The reason I would choose the color orange is because orange is my favorite color. The reason I like the color orange is because it looks like fire. In many stories fire resembles power and dominance. At the same time I think orange could also be a peaceful color. It can be smooth as silk or as sharp as a sword. It really depends on the perspective of the person.

What are you looking forward to doing this winter? This winter I am looking forward to playing in the snow with my family member. My brothers and I would build forts and then have a snow ball fight. Sometimes we teamed up on each other just to have fun. I always liked winter so much. It is my favorite season. I also love Christmas. It is also my favorite holiday because you get a lot of presents. This is why I am looking forward to winter.

If you could be any color in a crayon box, what color would you be and why? I would like to be pink because it is my favorite color. I think pink could be used for anything. All types of pink look good. If I was that color it would be very unique because there is no one in the world that is this color. Sometimes being unique is a good thing. This is why I would pick pink for the color I would like to be.

What are you looking forward to doing this winter? For this winter break, I will be going on vacation with my family. My family planned a cruise heading towards the Bahamas. I am really looking forward to this because it'll be an opportunity for me to relax and get away from worrying about school for some time. Not only that, I am frankly very excited for the warm weather I will get to experience. The cold, windy, and snowy weather of New York is not one I enjoy. I will also be able to spend more time with my family which I am excited to do, especially for the holiday season.

What is your favorite piece of music and why? My favorite piece of music from the repertoire for this concert would be the Peer Gynt Suite Selections by Grieg. This piece begins with "Morning Mood" which I really enjoy. It's calming and really brings the feeling of a "morning mood". This leads into the second part which is "In the Hall of the Mountain King". This section contrasts greatly from the first part and I really like that. It changes to a completely new feeling and ties the whole piece together.

What is your favorite piece of music and why? My favorite piece is Raiders march because I have seen the movie (Raiders of the lost ark), and it is not bad. The music is pretty good, too. Also, this piece is not too hard for me. This means I can enjoy music (while doing practically nothing).

If you could be any color in a crayon box, what color would you be and why? I would be green, because green is both my lucky color and my favorite. This is also because green represents 1/2 of the Christmas pattern (the other half is red), and Christmas just happens to be my favorite holiday. So, yes, I would be the green crayon (and no one can change my mind!).

Who inspires you musically? I personally believe that multiple, not one, has inspired me. This is because there are more than one people that have made me enter the world of music. I will say that my music teachers and my parents have helped, but I won't say names, because I don't point fingers.

How do you show your appreciation for your loved ones? I show my appreciation for my loved ones by doing multiple things. One thing I do is practicing my instruments. Another thing I do is making them comfortable. One last thing I do is to try not to make them angry (and believe me, that is somehow not easy to do).

What are you looking forward to doing this winter? Oh, there's a lot of things I'm looking forward to this winter. One of them is being frozen in the winter sun. Isn't that great? Another thing is probably snow. Can't wait till it snows 10 inches.

What is your favorite piece of music and why? I don't really have a favorite piece of music because I am an unbiased person. LOL jk. I just like lots of different kinds of music.

If you could be any color in a crayon box, what color would you be and why? I would be the color black because black has many more pros than cons compared to the other colors. The color black overpowers all other crayons. For example, if I use the color pink, black can easily block out the pink once it colors over the pink. Adding on, the color black can not be easily dirtied by other colors. However, if I use black to color on other crayons, the crayon and its color would be all ruined! HAHA. So, therefore, if I could be any color in a crayon box, it would be the color black.

Who inspires you musically? My band teacher inspires me musically because when I first started my music path, he was always my idol. He played multiple instruments and had a great sense of humor.

How do you show your appreciation for your loved ones? How do I show appreciation to my loved ones? I wonder too. Umm, I give them hugs! Or I make them food. How about I appreciate them in my heart. As long as they know that I appreciate them, then it's alright.

Free Space: Sit back and I hope you enjoy the show!

What are you looking forward to doing this winter? Winter is my favorite season because of the cold and the snow, so I have a lot to look forward to. I'm most excited for the snow, because it only happens during winter. I can attack unsuspecting people with snowballs and build snowmen with my dog. I'm also looking forward to Christmas, so I can give gifts and stay in my cozy bed with a nice cup of hot cocoa.

If you could be any color in a crayon box, what color would you be and why? My favorite color is royal blue, so that's the color crayon I'd like to be. It has a calming effect on me, and I just think that it can compliment an possible color.

How do you show your appreciation for your loved ones? I'm a sentimental person, so I tend to give a lot of hand-made gifts. I constantly give my friends gifts, words of encouragement, and food, and I make sure to let them know that I cherish them.

What are you looking forward to doing this winter? This winter I look forward to doing college visits. I find it to be a surreal experience. Something that I never envisioned myself doing in a long time, but we all have to grow up. I also look forward to sleeping a lot more. During the school year I get only a few hours of sleep with naps here and there and it seems like the whole week blends into one long day. I am also more of a winter person and I would love to see more snow and colder temperatures but in hindsight I do hate traveling to school when there is a foot of snow all around you.

What is your favorite piece of music and why? My favorite piece of music at the moment is Jupiter the Bringer of Jollity. It is one of my favorite pieces of music because of its unique arrangement. Throughout the piece there are recurring melodies between multiple instruments making it sound like an echo but every time it repeats it is with a different accent.

If you could be any color in a crayon box, what color would you be and why? I like the color grey. Especially anything that is close to space grey as it is a very mutual color that gives a very industrial feeling. It goes well with anything and many electronics offer this color option and I try to get this color to make everything uniform. My favorite color is #4f23ff on the color wheel which is a bluish purple and when you look at it from different angles you can see different colors.

Who inspires you musically? Dr. Wheeler inspired me every day for the last two years before he retired. As the band director at Stuyvesant he would tell us stories of his time in the military band and how they traveled America and performed at many venues. He also told many jokes and one is his signature jokes was calling the percussion section the "concussion section" and his reasoning is that they play with such bravado that they will get a concussion from the notes themselves.

How do you show your appreciation for your loved ones? I show appreciation of loved ones by being verbally thankful of their presence in my life. I also try to help them out as much as possible.

If you have a choice of playing a different instrument, what would it be? And why? I would probably play the Wagner Tuba. The Wagner Tuba is very similar to the french horn with a vastly different construction. Wagner designed this as sort of an intermediary between a French Horn and a Tuba as a way to preserve the rich sound of the tuba while also retaining the flexibility. A plus is that the Wagner Tuba uses the same mouthpiece as a French Horn.

Why should people join CYCNY? This is my 8th year as a member of CYCNY and I have seen many people come and go. It is a place where you can meet new friends and it provides an insight into the world of music. Overall, CYCNY is a fun extracurricular you can pursue on the weekends and provides a great learning experience for young musicians.

What are you looking forward to doing this winter? I am looking forward to watch some movies and go out in the snow with my family. Also, I look forward to sleeping longer during the winter break and read an abundant amount of books.

If you could be any color in a crayon box, what color would you be and why? If I could be any color in a crayon box, I would be orange or green. Green makes me think of the hills and mountains while orange makes me think of the sunrise and sunset.

Name : Vivienne Lin

What are you looking forward to doing this winter? Mostly just seeing the holiday spirit!! December = live, laugh, love. I'm especially looking forward to the lit up festive lights and decorations during the night and enjoying every aspect of life! The lights just make me feel so inspired and spirit-y: you know what I mean. Oh, and who can forget the snow?! I can't wait until the first snow and when I'm finally able to see those little delicate snow flakes fall slowly into the fresh snow... until I feel like I'm about to turn into a human popsicle of course.

What is your favorite piece of music and why? If this question is asking about my favorite piece from tonight's music, it would be the Polar Express because it gives me a feeling of deja vu. I still remember 9 year old me watching the Polar Express during class. I think the song provokes the inspirational feeling that I had (and still have!) during the scene when the ice was cracking and the train was struggling to get to the other side. It's still my favorite Christmas movie :) But my favorite song of all time is River flows in you by Yiruma. Cliche, but it can't be helped. So. Good.

If you could be any color in a crayon box, what color would you be and why? Woah I like this question :) If I could be any color in a crayon box I would be sunglow- yES, that's actually the name of a crayon (Crayola of course). The name sunglow differs from the usual names (ex/ red, blue, yellow) because of its uniqueness. I think that if I had a choice, I would be this color because I think the name "sunglow" represents a breath of fresh air and happiness. I want to be the type of person that can make people feel happy and bright. I also aim to be special and stand out, like the name of this crayon! To add on, not only do I really like the name, I also think the color itself is pretty- that's another reason why I want to be this color because it represents something that is beautiful inside as well.

Who inspires you musically? Songs in general just inspire me musically- I don't have exactly a specific person that because there are just too many, hahaha. However, if I hear a song that I really like, I usually won't stop until I find a cover/another version of the song. I'll then proceed to listen to it on repeat until I get tired of it. Anyone else? Just me?? Okay, then.

How do you show your appreciation for your loved ones? To show my appreciation for my loved ones, I would show it through my actions. I know a lot of "young people" these days are embarrassed to say I love you to their loved ones, but my parents don't have that HAAH I always make sure to say the "I love you's and say my "hi's and "see you later's".

I think something else that I constantly do to express my appreciation is by giving them giant bear hugs ??I would also engage in conversations with, for example, my parents to show my appreciation and respect them because it shows that I value their thoughts/feelings/opinions and it also shows that I trust them.

Extra space: Today, December 15th, 2019 is National Wear Your Pearls Day, and according to nationaldaycalender.com, it's to remind us "that when life throws dirt our way, we all have value in the end." :) Oh- and it's also National Lemon Cupcake day, ahh I'm craving one right now ??? Anyways... enjoy the show!!!

What are you looking forward to doing this winter? I am looking forward to going snowboarding with my friends and going on vacation to Costa Rica with my family.

What is your favorite piece of music and why? My favorite piece of music is the Dvorak Cello Concerto because I hear the composer tell an amazing story when I listen to that piece. It makes me want to learn cello.

If you could be any color in a crayon box, what color would you be and why? I would be dark blue because I like wearing navy colored clothes and when I was little, I used the dark blue crayons the most.

If you could be any color in a crayon box, what color would you be and why? If I could pick any color in a crayon box it would be black. Although the color black usually has a negative connotation like death, black also represents strength. It is a prestigious mysterious color and it looks formal.

What is your favorite piece of music and why? My favorite piece of music is Flute Concerto No.1 in G-Major by Mozart. I really like this piece because its melody and elegance. The melody varies and take advantage of the agility of the flute, and Mozart achieves a greater equality between the soloist and the orchestra. I am currently working on this piece and hopefully one day I can be the soloist performing in Lincoln Center. This is my 3rd year in the orchestra and I'm really enjoying the music, the new friends I make along the way and obviously the food ;)

I would also like to build a snowman, ski, snow tube, and have a friendly snowball fight with my close friends during the winter break. I would love to watch Christmas movies like "Elf" on a snowy night because it can always put a smile on my face when it comes to the cheesy and festive scenes.

What are you looking forward to doing this winter? This winter I'm looking forward to taking some time to unwind. The holiday season is always one of my favorite times of the year so I am going to relax and listen to some holiday music. I also love Christmas shopping for my friends and family even though it's really stressful. During the beginning of winter break I am going skiing with some friends and family. It's a winter tradition and we go every year but I didn't get to go last year. I'm very very rusty but I am definitely looking forward to the trip.

What is your favorite piece of music and why? If I had a favorite piece of music from the program, it would probably have to be Sound of Music. I watched the film a while ago and I really liked the music soundtrack. I also sang a few songs from it like "My Favorite Things" when I was in elementary school chorus. Playing the songs and hearing how everything comes together gives me a sense of nostalgia and reminds me of how much I loved the songs. I hope you enjoy the pieces in this program as much as I do- sit back and enjoy the concert!

What are you looking forward to doing this winter? To be honest, I'm not looking forward to be doing anything this winter. Except for maintaining my grades and meeting new people, like you! (the reader that is currently reading this)

If you could be any color in a crayon box, what color would you be and why? In particular, i don't have a favorite "color". Instead it's a shade. Wait- is it? Well anyways, it's white. I don't think white is a color that would be found in the crayon box though. But i just checked, it is. The reason why i like white is because white can create mostly all the colors in a rainbow. Imagine yourself as a prism. When you put yourself under the sunlight, you'll see different colors. And those different colors form something called the rainbow. Lol you should already know these. bUt aNyWayS. -ahem- White, this shade or "color" is used by many children when they draw because. -takes out white crayon and tests it out on white piece of paper- Obviously it didn't work because. One, because your using a white piece of paper. Second of all, you just can't see it. Just like me ;) Jkjk, i have friends, just like how a white crayon can make other new friends. Just because the white crayon is empty and very...simple, it can always change. For example, try using a black piece of paper.

Who inspires you musically? I don't really believe in idols or any kind of those stuff. But i guess everyone has someone they look up to, right? But someone who i look up to, musically is Yiruma. The way he plays his piano pieces sounds very calm and relaxing to listen to. It makes you just want to sleep as soon as you listen to it. For example, two of my favorite songs of his is "River Flows in you" and "Maybe". This is the feeling I'm trying to create but it ain't working. Lol

What color in a crayon box would you be? I would be green in the crayon box because green is my favorite color in all of the colors.

What are you looking forward to do in this winter? I am looking forward to make a snowball fight this winter with my family.

Name : Amelie Song

What are you looking forward to doing this winter? I am looking forward to winter break and being able to stay nice and warm inside my home. My friends will come over for Christmas and we will open gifts and have a party. I am also looking forward to staying under the covers and playing video games. I would also like to go vacation somewhere within the states or go skiing.

If you could be any color in a crayon box, what color would you be and why? I would be the color white. This is because many people would probably disregard the white and think it is useless when coloring. But, white is one of the most important colors in a box of crayons as you use it to blend new colors or to add highlights. Thus, while the white seems like it serves no purpose, it is an indispensable color of the crayon box.

Grade : 11th
Instrument : Violin

What are you looking forward to doing this winter? Honestly, I don't know what I want to do this winter. In the past, we used to go skiing or snowboarding with my mom's friend's kids LOL, but I grew apart from them and I don't think there are any plans to go this year. I guess that leaves catching up on sleep, getting hw done and getting a head start on studying for midterms, and maybe even practicing violin, which I normally don't do when there's school. I don't want to be locked up at home by myself for days at a time again during winter break, so I probably should make friends, get out, and find something to do during the break. Finally, I also look forward to spending time at church and with family during Christmas and over the break.

Who inspires you musically? Recently, I'm starting to become inspired by other orchestra members who make music covers and post them on social media such as Instagram and YouTube. I look up to them because they find creative ways to use their musical skills and talents, and they seem to enjoy what they do. I also want to be able to do that soon, and want to learn how to get started on making music covers. I'd think it would also be cool to spend time learning to play the guitar before making music covers.

Name : Hanks Tsai
School : Louis Pasteur M. S. 67
Grade : 8th
Instrument : Cello

What are you looking forward to doing this winter? Going to France to eat some baguettes.

What is your favorite piece of music and why?

Ballade pour Adeline, because it sounds nice and has a nice melody.

If you could be any color in a crayon box, what color would you be and why? Black, because it reminds me of emptiness.

Who inspires you musically? Richard Clayderman, because his face is makes me calm.

How do you show your appreciation for your loved ones? Give them a hug or cook for them.

What are you proudest of? My grades, because they are kind of nice. IT'S A BB

YOUTH ORCHESTRA, CYCNY

Name : Yen Chih (James) Tsai
School : Bronx High School of Science
Grade : 10th
Instrument : Violin

What are you looking forward to doing this winter? This winter, my family and I are planning to go to France. I hope to visit the Music Conservatory and some famous musician galleries and art museums. However, the most unpleasant anticipation during my winter vacation is to stay up until midnight to study for the those terrifying midterms.

What is your favorite piece of music and why? My favorite piece of music is Introduction and Rondo Capriccioso by Saint-Saens. His music captivates the beauty of its musical period. The romantic period is a period in which the style of music is most expressive, but still contain the classical frame fundamentally. Overall, this piece is one of the most compelling and lyrical musical pieces that moves the audience.

What do you want to play with the orchestra in the future? I would like to play Beethoven Fifth Symphony Third Movement. What is surprising to me is that most people know the main melody of Beethoven Fifth Symphony First Movement, but the third movement is completely ignored and disregarded. But, hopefully our orchestra accepts my request as a promising piece to play in the future.

Name : Tony Wen
School : The Brooklyn Latin School
Grade : 12th
Instrument : Bassoon

Who inspires you musically? My saxophone teacher from 5th grade, not only did he teach me music, he also taught me how to become a better person. I learned that being a musician doesn't just mean knowing an instrument, but being disciplined, and seeing the beauty in your life. And most importantly, using music to influence others.

Name : Alexis Weng
School : The Baccalaureate School for Global Education
Grade : 10th
Instrument : Cello

What are you looking forward to doing this winter? I'm planning on getting software and equipment for music producing over thanksgiving break and i'm going to be working on creating new sounds and tracks for songs in the future. Besides that, I'm also planning on skiing over winter break with a few of my friends in Connecticut.

Who inspires you musically? Jeremy Zucker and Lauv are both huge inspirations. I love the fact that they both started out as small soundcloud producers who made it big through their creation of great music. I'm in love with their styles and it inspires me to create music with my own sense of individuality.

Grade : 8th

Instrument : Viola

What are you looking forward to doing this winter? I'm looking forward to stop stressing over school and finally take a break. I can't wait to go skiing again because I haven't done it in so long.

What is your favorite piece of music and why?

I don't really have a favorite piece of music from this concert other than Carmen because I played it the first year I was here and it made me feel like I improved.

If you could be any color in a crayon box, what color would you be and why? I would like to be mint green or lavender. These are my two favorite colors and they are hardly ever found in crayon boxes so I would be special.

Name : Audrey Yong

School : PS/ IS 499

Grade : 8th

Instrument : Clarinet

What are you looking forward to doing this winter? This winter I am looking forward to staying home, watching movies, and maybe having some hot chocolate. I am also looking forward to the snow and the snowman building with my family.

If you could be any color in a crayon box, what color would you be and why? I would probably be the color fern, which is a shade of green blue. I really love nature and especially succulents and plants. Fern is the exact color of many plants that I love and so I feel like that would be my crayon. But in all honesty, I would like to be all the colors because each color has own personality and each color represents a different quality. To connect to only one color is like only looking at a corner of an incomplete painting. But all the colors are needed to create a beautiful painting that all can admire.

What is your favorite piece of music and why? In this concert, my favorite piece would be the polar express because I really like the song "When Christmas comes to town". The song is really catchy to me and I feel like this song brings back memories of my life in a way. Other than that, I really have no favorite piece of music because I enjoy all types of music.

Name : Elyssa Yong

School : Bard High School Early College

Grade : 10th

Instrument : Alto Saxophone

What are you looking forward to this winter? I'm looking forward to Christmas and the holiday season in December. Usually I hate the winter season because of the cold weather, but this year I'm excited to have more free time during the break.

What are your musical goals for 2020? In 2020, I'm hoping to learn about and play more jazz, especially because I play alto saxophone. I'm also interested in taking a music theory course so I can better understand the fundamentals of music.
