紐約幼獅青少年管弦樂團秉持著「服務社區·教育英才」和「幼吾幼以及人之幼」的理念，在社區中多次親善演出，行跡遍及圖書館、公園、學校、社區之耆老，醫療與復健中心等。除每年定期於皇后區舉辦聖誕音樂會與林肯中心年度音樂會之外，曾舉辦九次美亞巡迴(1997、1999、2002、2005、2007、2010、2012、2015、2018)、兩次美國西岸(1998、2000)以及歐洲(2006)演奏之旅，於舊金山、洛杉磯、聖地牙哥、夏威夷、台北、宜蘭、台中、鹿港、高雄、金門、廈門、北京、上海、香港、大阪、東京、橫濱、維也納、薩爾斯堡、布拉格等地，舉辦過數十場親善交流音樂會，不僅開拓了團員們的視野，也達到音樂交流的使命。

2015年7月，紐約幼獅青少年管弦樂團和台灣新北市大豐國小校友管弦樂團共赴東京音樂大學以及台北市福華國際文教中心與當地音樂學生親善交流和共同演奏音樂；2018年夏天與桃園六和國中管弦樂團、台中安和國中管樂團及澳門聖公會中學樂團於台中交流，並赴日本橫濱Minato Mirai Hall載譽演出並兼就地旅遊。

紐約幼獅青少年管弦樂團招收團員年齡自10歲至18歲，來自預約甄試，經錄取後，每年九月至次年六月之每週六下午一時至四時，假皇后區貝賽158初中(Marie Curie Middle School)排練；由資優老師林季靜、張若蕙、張紀蕙、黃東瀛、廖信惠、洪莉玲等指導，鍾啟仁擔任音樂總監及指揮。2019-20年度的紐約幼獅青少年管弦樂團年度大型聖誕音樂會(2019年12月15日)於貝賽Cardozo高中盛大舉行。

紐約幼獅青少年管弦樂團演出的曲目包括古典、流行、爵士、百老匯、電影及亞洲音樂，更開創《幼獅師生才藝表演音樂會》，由本團師生演出獨奏和重奏之室內樂。

Dear Friends,

Please accept my warmest welcome to the Annual Holiday Concert of the Youth Orchestra, CYCNY, a tradition in Queens since 1998.

For over 25 years, the Youth Orchestra has been providing aspiring musicians between the ages of 11 and 18 years old the opportunity to be part of an orchestra and hone their musical skills alongside their peers, while receiving professional-level instruction from a group of talented instructors. The students are able to interact with other musicians, as well as perform in front of live audiences, both in distinguished venues like Alice Tully Hall and more modest, but no less important, settings like MS 158 here in our borough.

I was honored to have a group of musicians from the Youth Orchestra, CYCNY provide live music during a Memorial Day Observance my office hosted in Kissena Park earlier this year. I commend them and all of the Youth Orchestra members for their hard work and dedication, as well as for the contributions they make to the cultural landscape in New York City all year long.

I want to thank Youth Orchestra, CYCNY and its faculty members for enriching the lives of our young people by nurturing a lifelong love of music, and in turn sharing that passion with the community through events like the Annual Holiday Concert. Enjoy the show!

Sincerely,

Chijen Christopher Chung, Music Director / Conductor / String Instructor

音樂總監·指揮·弦樂指導 鍾啓仁老師

A native of Kaohsiung, Taiwan, Mr. Chung began his musical studies in piano, violin and cello at the ages of five and nine. Following a successful musical career in high school, he attended the National Taiwan Normal University where he majored in cello, minored in piano and was awarded the Certificate of Music Education.

Upon moving to the United States, Mr. Chung studied under the tutelage of cellist Peter Wiley (of Guarneri String Quartet), at Conservatory of Music at Purchase College, SUNY, where he received both his Bachelor's and Master's Degrees in Music Performance.

Mr. Chung's wide professional experience encompasses symphony orchestra and chamber music performances, conducting, teaching, studio recording and administration. He served as Associate Principal Cellist of the Taipei Symphony Orchestra, Principal Cellist of the Yin-Qi Symphony Orchestra & Chorus, and the Yin-Qi Chamber Orchestra in Taiwan. He performed with the Chinese Community Chamber Orchestra at Carnegie Hall, New York Symphony Orchestra and the Amadeus String Quartet and Piano Trio.

Mr. Chung's teaching positions were at the Guang-Ren High School, Xi-Men Elementary School, and Guan-Du Christian College in Taiwan. He has been serving as the Music Director, cello and piano instructor at the Song of Songs Music School, Eastern School of Music, Amadeus Conservatory of Music, and Melody Time Music Center in the United States. In 2003, he was the Music Director and featured cellist for the world premiere of an original Chinese-language adaptation of *A Streetcar Named Desire* at the Hwa-Sun Culture Center in Taipei, Taiwan.

With Youth Orchestra, CYCNY, at Alice Tully Hall of Lincoln Center, Chung performed Elgar's Cello Concerto as soloist in 2010, and Chung conducted the World Premiere of Yasuhiko Fukuoka's *Journey of a Thousand Miles* in 2012; the World Premiere of Steve Margoshes's *Symphony Dance* from *FAME - The Musical*, as well as the US Premiere of Shui-Long Ma's *Searching* Concerto for Gu-Zheng and Orchestra, with Hao-Yin Huang as Gu-Zheng soloist in 2013; US Premiere Fu-Tong Wong's *Symphony Condor Hero* in 2014, and World Premiere Justine F. What are some hobbies that you enjoy doing?

Some of my hobbies include fencing, tennis, painting, and rock climbing. Fencing has been part of me since high school. I also fence outside school to improve my skills, enjoy footwork, and wear heavy, sweaty suits. I play tennis mainly in the summer because the courts are not indoors. I am also on my school's tennis team to continue tennis as a hobby. Painting is another hobby that makes me feel relaxed and free from worries. The satisfaction I receive when I brush the paint on my canvas to create artwork is worth the three hours. One of my favorite sports that was once my least favorite sport is rock climbing. When I first went rock climbing at the Cliffs LIC for a birthday party, I was not too fond of it because of the height and the fact that I was not skillful at it. However, a few years later, when my friends introduced me again to rock climbing, I fell in love with the idea of using all my body muscles to use the grips to go on top of the wall. The height no longer scared me; I found it part of why I love climbing.

What is your favorite genre of music and why?

My favorite genre of music is pop music, but I prefer to play classical music. I listen to pop music when I am in all sorts of emotions, whether on the train after failing a test or at an event with my friends. However, I like to play classical music because it makes me feel special to play music from the past by famous composers.

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

I wanted to write and publish a personal narrative book or essay, but I needed more courage to send it to a newspaper company or publisher. I feared failure and judgment from people of higher knowledge and education. Therefore, I kept my story to myself with dreams of speaking to the public about an event that people can relate to. However, I haven't given up on that dream and am improving the language in my writing. I plan to return to it (since it is on my bucket list) and publish or deliver my story to people dealing with the same stress and situation.

If you only had two words to describe yourself, what would it be and why?

"Challenge fear" is a phrase with two words I will use to describe myself. I used to ignore my fears and give up what made me uneasy because I believed that ignoring the problem would make me forget about it. However, I kept remembering the past, and the difficulties reoccurred unexpectedly, and I did not know how to face them. Whether the problem was a person who made my hobby into a trauma or a topic I didn't want to return to, it was like a boomerang. It was unavoidable. I didn't want to make myself uncomfortable when encountering such challenges. Therefore, instead of fearing my past, I challenged myself to make that fear an accomplishment or a friend.

School : De La Salle Academy

Grade : 7th

Instrument : Cello

How long have you been playing your instrument and why have you continued playing this instrument?

I have been continuing with the cello for 3 years. One of the reasons for choosing the cello was because I wanted to be different from my brother, as he was playing the violin. I enjoy the beautiful baritone sound that the cello produces. I also feel really good when I nail that one hard piece or that one hard phrase.

What are some hobbies that you enjoy doing?

I play piano and cello (obviously) and I also play badminton and swim. But above all... I love to play video games.

What is your favorite piece from this year's Christmas concert?

My favorite piece is the Entrance of the Gladiator because of the catchy tune and the fact that the melody keeps switching from instrument to instrument. I also really like the liveliness when we are playing.

How long have you been playing your instrument and why have you continued playing this instrument?

I have played my instrument for 8 years, and I have continued to play my instrument because playing in an orchestra is a great experience.

Why did you join this orchestra and what motivates you to keep coming back?

I joined this orchestra because I was extremely impressed after seeing the orchestra perform at Lincoln Center in June 2019. I am motivated to come back to this orchestra every week because it is always nice seeing how the orchestra progresses, and the music is always nice.

Name : Marseille Chin

School : Herricks Middle School

Grade : 8th

What are some hobbies you enjoy doing?

Some hobbies I enjoy doing are making legos and playing video games. I like to make a lot of different things with legos such as robots or spaceships. Some video games I like to play are minecraft and starcraft.

What is your favorite piece from this year's Christmas concert?

My favorite piece in this year's Christmas concert is probably "Entrance of the Gladiator", because I feel it is a song everyone has heard before but rarely anyone knows the name of. The song has an amusing feel to it and is fast and happy.

What is your favorite food and why?

My favorite food is probably sushi because it comes in many different flavors and types and I feel that there is a lot of flavor in some, while in others, there is a more simplistic taste that is also not bad.

What are some hobbies that you enjoy doing?

A hobby I enjoy doing is playing golf. I enjoy the tournaments when I have so many chances to meet new people and the feeling of winning. Also while watching a little white ball roll into the hole and fly straight and high in the sky. Golf keeps my mind off of a lot of stressful things and is simply a very un sport.

Why did you join this orchestra and what motivates you to keep coming back?

I joined this orchestra because I wanted to improve my skills and work collaboratively to play a piece. What motivated me to come back is when I realized how much I have improved in a lot of skills and how much I enjoyed each week.

YOUTH ORCHESTRA, CYCNY

Name : Joyce Han

Why did you join this orchestra and what motivates you to keep coming back?

What motivates me to return to this orchestra is the beautiful community and the valuable memories I've made. I've made some of my closest friends in this orchestra and I don't know where I would be without some of their guidance and support. Every week is ended with a fun rehearsal and I'm so happy to be there. I love seeing our progress every week and I'm just so glad to see people appreciate our work at our concerts at MS158 but as well as Taiwan Center and Lincoln Center.

If you only had one word to describe yourself, what would it be and why?

I'm happy. While this year was really rough for the first half and school is pretty stressful, when I look back at all the memories I've made with all my friends and more, I can say I'm happy.

Name : James Hu
School : Sachem East High School
Grade : 12th
Instrument : Cello

How long have you been playing your instrument, and why have you continued playing this instrument?

I have been playing the cello since the beginning of fourth grade after my childhood friend convinced me to pick it. I continue playing the cello because it is enjoyable, especially with the orchestra.

What are some hobbies that you enjoy doing?

My hobbies are swimming and robotics. After school, I would go swimming for two hours and then directly go to robotics. Getting home at 8:30 every day was exhausting but was an enjoyable experience. In my spare time, I would play video games, call my friends, and read books.

What is your favorite piece from this year's Christmas concert?

One of my favorite pieces from this year's concert has to be Toy Symphony because of its fast pace and the unique instruments used.

If you only had one word to describe yourself, what would it be and why?

I would describe myself as altruistic. This is because I always tried to help my peers with their course work in school. If I could understand a subject and my friends couldn't, I would help them comprehend the subject.

What is your favorite piece from this year's Christmas concert?

My favorite piece from this year's Christmas concert is definitely Bizet L'Arlesienne Menuet. The song features some flute solos and as this is my last year in orchestra, it's a great experience to showcase my flute skills as a solo performance one last time.

Why did you join this orchestra and what motivates you to keep coming back?

I joined this orchestra originally to practice my instrument outside of school more. But with the five or more years attending the orchestra, I've met some of my best and closest friends here. We all shared the same musical interests and became a family. They motivate me to keep coming back to orchestra.

I have been playing the violin since I was 5. I've continued playing the violin because it presents a positive opportunity for me to further my musical education.

What are some hobbies that you enjoy doing?

My favorite hobby is following the Warhammer franchise by Games Workshop. The storytelling of the game is excellent, and the games are exciting. I also enjoy cooking. I particularly enjoy making tiramisu.

What is your favorite genre of music and why?

My favorite genre of music is electronic music, although there are a number of pieces from other genres that I enjoy. Electronic music is very different from other genres and has its own unique set of sounds.

What is your favorite piece from this year's Christmas concert?

My favorite piece from this year's Christmas concert is The Christmas Song. It is radically different from any other piece in this concert's repertoire, and presents a decent challenge to learn and master.

Why did you join this orchestra and what motivates you to keep coming back?

I joined the orchestra in 2016, following my sister's footsteps. I continued this trend the present, where I am now attending the orchestra alone.

I have been playing the cello for about 7 years now, and originally picked it up because my brother played it. But then I discovered Joe Hisaishi's music, and learned all songs he wrote. It has been educational and enjoyable to learn his pieces whether it be by ear, or through online sheet music. I am so grateful to have joined CYCNY in middle school, because of the opportunity to play difficult pieces, which rapidly increased my sightreading and playing skills. Meeting so many musician friends these past few years has helped me continue practicing every week, and look forward to attending rehearsals. This is my final year in the orchestra, and I wanted to thank Chris Chung, Patsy, and Jason for being such amazing mentors and helping me grow musically all these years. I wish them the greatest health and success.

What are some hobbies that you enjoy doing?

I enjoy tennis because it is really enjoyable. It allows me not to think even if it is just a split second. Tennis is a sport that I could play a million times and never get sick of. It is something that will stay in my life forever. Tennis has also taught me how to handle my wins and losses. Tennis is a sport that I have a lot of passion for. It lets me make new friends along the way and make my experience really great. It creates a community where we as tennis players could relate when others couldn't.

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

There have been so many things that I wanted to do but the one thing that sticks out to me is skydiving. I've always wondered what it would feel like to look at the world from a different perspective than other people. Then when I decide that I want to do it, all the possibilities of getting injured get into my head. Although there are safer options like indoor skydiving, it just isn't the same experience you would get from actual skydiving. Whenever I hear about skydiving stories, a part of me feels like I'm missing out on something. That's why skydiving is something I really want to do, but never had the courage to do.

What are some hobbies that you enjoy doing?

One of my favorite hobbies is playing badminton. Badminton has been a large part of my life ever since I was a kid. Learning and improving has been a journey and I hope to continue playing this amazing sport. I have the most fun when I am playing with my friends or when I am competing. I hope others will give this sport a try in the future and realize that it's very fun.

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

I've always wanted to skydive before, but because of safety and time restraints, I haven't been able to do so. Skydiving seems like such an extreme sport that I will need to try it at least once in my lifetime. The factors holding me back are safety reasons as it can be a very dangerous sport, and it will most likely take weeks of preparation before I do it.

What is your favorite food and why?

I have many favorite foods ranging from sushi to pizza. Some foods that are on the top of my list are pizza, sushi, steak, salmon, shrimp lobster, burgers, chips, fries, and fried chicken. I love to eat these types of foods whenever I have a chance not only because they taste good, but also because I have grown up eating these types of foods, and are reminiscent.

How long have you been playing your instrument and why have you continued playing this instrument?

I have been playing my instrument since 4th grade, now it has been 5 years of this continuous practice/play. This instrument helped me grow and it has helped me become who I am now. It has helped me get to know more of myself. This instrument has taught me all different things. Helping me become more aware of my surroundings and observations. As well as simply helping me relieve stress in a way and helping me gain more confidence in myself. As I evaluated more of how I grew up within these past years, I realized now that oboe has helped me into the bigger world.

Name : Christopher Lim

School : Francis Lewis High School

Grade : 12th

Instrument : Violin

How long have you been playing your instrument and why have you continued playing this instrument?

I have been playing my instrument, the violin, for about 11 years now. Ever since picking up the violin in first grade, when I was only 7, I have continued with the violin for numerous reasons. Not only has the violin been there for me during my highs and lows, but it has also allowed me to better express myself. After a long and tiring day at school or after a stressful shift at work, I can always count on my violin to clear my mind and help me de-stress. Moreover, the violin has allowed me to better engage with music thus giving me the ability to better communicate with other musicians.

Why did you join this orchestra and what motivates you to keep coming back?

I joined this orchestra back in fifth grade to expose myself to playing the violin in a group setting. (It must be noted that my parents and violin teacher were a big reason for me joining this orchestra) Many things motivate me to keep coming back each year. For one, this orchestra has been a second family to me allowing me to create many friendships throughout the years. Another motivation is our music director and conductor who always picks out fun and interesting pieces for our Christmas concert and annual concert. Our repertoire has ranged from classical music, Broadway music, traditional Chinese songs, and much more. Last but not least, every week when the clock hits 2:30 pm for our break, the joy of eating delicious food prepared by the parents always brings a smile to my face!

What is your favorite food and why?

My favorite food is Malaysian food! Both my parents are from Malaysia and growing up, one of my favorite dishes was my mom's chicken curry. I would always eat unhealthy amounts of curry in one sitting and would always lick my bowl clean. Another one of my favorite dishes is Nasi Lemak as there are many variations of this dish which makes it very interesting to see how other people prepare it!

What is your favorite genre of music and why?

To be honest, I'm not very well versed in what qualities of a piece make it what genre, but overall, outside of classical music, I'd say I enjoy slower, quieter songs with prominent instrumentals, whatever genre that is. Maybe it's because they feel more heartfelt? I'm not sure why I enjoy that type of songs. Rock music is somehow a close second, though..

What is your favorite food and why?

There is this Taiwanese dish called ba-wan, which is essentially a street food that's like a loosely packed meatball wrapped in gel-like paste with a sauce. I like its different textures and how it's a nice mix between savory and sweet.

What are some hobbies that you enjoy doing?

Some hobbies that I enjoy doing are playing basketball, soccer, and playing the cello. I enjoy playing basketball and playing the cello for several reasons. One reason I like basketball is because I like playing sports that challenge me and I like moving around and running. I also like playing soccer because I can be more active and have more activities to do than just staying in the house playing video games. I have been playing the cello for about five years now and have been in the orchestra for one year. That makes me the youngest in the orchestra.

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

I've always had many fears, such as white-water kayaking in a class 3 rapid, or playing solos in front of an audience, but one that I really want to overcome is my fear of pigeons. Every time the pigeons suddenly flap their wings after staring at me for 10 minutes, I feel like they know every detail about me. They gather in huge masses on telephone lines to conspire against the human race and plant unwanted surprises on car windshields. Maybe their red-orange eyes fuel my endless paranoia, or maybe they are robots, but I'll have to get used to seeing them pecking at pieces of bread on the streets. But because I have to go to school in Manhattan, I have to face it quite a lot.

YOUTH ORCHESTRA, CYCNY

Instrument : Flute

How long have you been playing your instrument and why have you continued playing this instrument?

I started playing the flute during the fall of fourth grade. Frankly, nine year old me didn't even know what the flute was. I started another instrument not knowing that I would grow to love music this much. My love for music mainly started in sixth grade. I joined my middle school band, played in concerts, joined various music programs, etc. - thanks to my middle school band teacher. I fell in love with the feeling of being on stage, the lights, the performance, the rhythms, the applause - everything. Even more so, I fell in love with the process of making music. I got to experiment with dynamics, articulation, and tempo, altering each note to my liking. In each band or orchestra, I had the chance to listen to others and enjoy the combination of similar yet different notes that are carefully pieced together by each composer to make a completely new piece. Even so now, each note I play, means for new improvements and new chances of becoming a better musician.

What is your favorite genre of music and why?

I don't exactly have a favorite genre of music; however I do enjoy calmer, peaceful tunes.

What is your favorite piece from this year's Christmas concert?

My favorite piece from this year's Christmas concert would be L'Arlesienne suite No.2, III. Menuet (not being biased) because it successfully features the qualities of the flute. It includes clear, lyrical, and sweet tones while encompassing the flexibility of registers at the same time.

Why did you join this orchestra and what motivates you to keep coming back?

I joined this orchestra during the fall of fifth grade mainly because my sister was in orchestra - and coincidentally, I played an instrument too. However, that wasn't the reason why I still keep coming back even 6 years later. During these past six years, I made new friends, challenged myself with new types of music, improved as an musician, and created lifelong memories. These are qualities that continuously motivates me to come back to this orchestra and continue until I graduate.

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

One thing I really want to do is that I want to find a day in summer, while the sun is about to set and just drive continuously. Not having a final destination - just the music playing the background and watching the sun set as I go.

How long have you been playing your instrument and why have you continued playing this instrument?
I've been playing my instrument for about 9 years and I hope to continue playing throughout high school and college! Flute has been a really important part of my life and along with it being a really fun instrument to play, I get the opportunity to play in amazing ensembles like CYCNY!

What is your favorite piece from this year's Christmas concert?
My most favorite piece from this year's concert is probably Vaughan Williams Christmas. I love all the piece selections this year but I love this one especially because I love the mix of Christmas songs and also the dance like music.

Free Space: I hope you enjoy the concert and happy holidays!

Playing the violin is definitely one, but I also enjoy tabletop card games and collecting stationery. Pens are a favorite of mine.

What is your favorite piece from this year's Christmas concert?
Toy Symphony- you'll find out soon.

How long have you been playing your instrument and why have you continued playing this instrument?
From a really young age, I was exposed to lots of classical music. As a toddler, I remember my mom would put on Baby Einstein while she cooked me breakfast, and I would just sit there drooling all over myself listening to classical music. My dad would also blast his favorite Cantonese songs on Saturday mornings (he still does). At the age of 4, my mother made me choose three instruments. The violin, viola, and cello. Obviously, I chose the violin (phew, luckily I didn't choose the viola, just a joke lol). I remember learning the violin, I would stand for hours trying to get the notes right. When I was in 4th grade, I was introduced to the CYCNY orchestra. I met some of my best

YOUTH ORCHESTRA, CYCNY

friends here. It also taught me to work as a team and communicate. Currently, I have played the violin for 13 years of my life. I continue to play this instrument because it gives me new opportunities to meet new people and provides me with new challenges to overcome every single day.

What are some hobbies that you enjoy doing?

Where do I start... OH :) I like to swim. When I was a kid I hated swimming. Every time I would go for swim lessons I would purposely cause a ruckus to avoid swimming. Eventually, they kicked me out. But when I was 10, I decided to give it one more shot. This time, I decided to actually learn and I excelled. I am currently the team captain of my club team, unfortunately, I will never get the chance to swim for high school because Cardozo doesn't have a male swim team. I also love to work out, during quarantine I gained so much weight. So I started to go to the gym every day before swim practice. It also helped me reach my dream physique. I love to snowboard too, Christmas break is right around the corner so you can guess where I am going. I also like to sit on a chair and watch old people swim... it's called lifeguarding, and no... lifeguarding is not like Baywatch. Although I wished it was like Baywatch :(

What is your favorite genre of music and why?

I don't really have a preferred genre. I really like late 2000 music. Like Katy Perry, Bruno Mars, Maroon 5, and Pitbull (MISTA WORLDWIDE). I guess I like pop music. Pop music is the best of both worlds, it is extremely nostalgic and everyone I know loves them too. It just brings people together, and that's the purpose of music. I also love EDM music, especially for working out and doing chores. EDM is just good... there is no why.

What is your favorite piece from this year's Christmas concert?

Wait here let me get my music folder... I really like Toy Symphony. I like Toy Symphony because there are some very interesting instruments and toys used in this piece. It is also a great arm workout.

Why did you join this orchestra and what motivates you to keep coming back?

My first extracurricular was this orchestra. I absolutely love this orchestra, I met so many people and amazing musicians. My skills also improved throughout the years. I joined this orchestra because I wanted to expand my music portfolio. I remember my first day at CYCNY, I was so overwhelmed I started to cry. I love this orchestra because I get a chance to prove myself worthy and it teaches me to work as a team. I believe there is no such thing as motivation, but there is something called discipline. I keep coming back because music is a part of me. And I hope I can keep coming back every year :)

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

I really want to ride a motorcycle or do a HALO jump. I want to ride a motorcycle because it looks super fun, but it's extremely dangerous. I also really want to do a high-altitude low opening parachute jump. I want to see how it feels like jumping out of an airplane.

What is your favorite food and why?

I did a lot of self-searching and I think I found the answer. My favorite food has to be salmon. Salmon has so much protein and it tastes amazing even when you mess it up. Salmon is the only fish I will eat. Salmon also has lots of protein for those gains. I have never eaten a bad salmon dish ever. Salmon also has lots of omega-3. Pizza is also my favorite food. As a proud New Yorker of the five boroughs, I have to say that a New York slice never goes wrong. It is delicious, filling, and most importantly INEXPENSIVE. Another favorite food is halal... a combo over rice with extra meat. Extra white sauce and a dash of hot sauce. That is my go-to order. Halal is the best food ever. I get it almost every Friday. High calorie and protein intake for around 8-10 bucks. I think that's it...

If you only had one word to describe yourself, what would it be and why?

I would say I am easygoing because no matter the outcome, life moves on. Things happen for a reason and there is no way to change the result.

ENJOY THE SHOW :)

How long have you been playing your instrument and why have you continued playing this instrument?

From my knowledge, I've probably played the flute for about 3 to 4 years now. Although I'm not satisfied with how I sound, I still keep going. That's one of the reasons that pushes me to keep playing the flute. However, the music that I try to portray when I am sort of satisfied with how I sound is something that always surprises me. To be able to surprise yourself and to actually take a step back to see what you just did is incredible. But there's always a downside since whenever I do come across that quick little experience I always forget how I did it, therefore I start from the beginning.

If you only had one word to describe yourself, what would it be and why?

Ambitious. I would say that to some extent, I am in fact ambitious. Though I don't show it, I really do try my best to do succeed in anything I do. I feel as though if you were to commit to something or just start something new, it could either lead into a whole new hobby that could either lead into something incredible, or just something you wouldn't enjoy. And in my case, I always try my best to actually make something out of it, just like my journey with the flute!

Name : Eric Quan
School : Louis Pasteur MS 67
Grade : 8th
Instrument : Clarinet

How long have you been playing your instrument and why have you continued playing this instrument?

I've played the clarinet for more than 3 years. Each day, I become better and better, which is one of the reasons that makes me continue playing the clarinet. Another reason is that the clarinet gives me a sense of relief, as I can do and play whatever I want with it, and don't need to think about work.

What is your favorite piece from this year's Christmas concert?

My favorite piece from this year's Christmas concert is "Twilight." I love the melody, as it's relaxing in some parts, and exciting in other parts.

What is your favorite food and why?

My favorite food is donuts. Although they aren't healthy, it's very sweet and gives me lots of energy. I only eat them from time to time, so I think of donuts as something I love and a sweet reward!

How long have you been playing your instrument and why have you continued playing this instrument?

I've been playing the violin since kindergarten. I continued playing this instrument because of the richness of its sound. It brightens my day after a tiring day in school. It is my life, whether I listen or play it. The sound of the strings, as my bow glides on it, is my avenue to convey my emotions to the listeners. From trills to vibrato and pizzicato, each craft creates its own distinctive voice. This inspires me to produce wonderful harmonies and melodies.

What are some hobbies that you enjoy?

Strumming my acoustic guitar, electric and bass guitar are some of my hobbies. It's an escape from my life. Aside from having fun, it could also give a sense of fulfillment. I love the peaceful sound of the acoustic guitar and the edgy sound of the electric guitar.

I also enjoy playing video games because it allows me to be in the shoes of a made-up character. It is like a board game on a console. It gives me a chance to do things that I would never do in real life.

Name : Albert Shen

School : Stuyvesant High School

Grade : 9th

Instrument : Cello

How long have you been playing your instrument and why have you continued playing this instrument?

I've been playing the cello for at least four years. There have been many times in the past when I wanted to stop learning cello; however, thanks to the support of my teacher, my parents, and my own willpower, I managed to get motivated in continuing the journey. I kept learning new pieces because of my curiosity --- to be curious about every new piece I learn. Over the years, I realized that my perseverance in learning the cello helped me meet some of my best friends in the orchestra as well as in my school.

What are some hobbies that you enjoy doing?

One of my hobbies in my free time (other than practicing, of course) is to play chess online. My interest in chess began around this year's summer, when I started studying chess on YouTube and with a computer. I played chess with my friends in school, and during the summer break I mainly played chess online. I love playing chess because just like in video games, you always feel good when you win. In chess everyone is on an even playing ground, which means in every match, the player with more skill wins; this is unlike many video games, when the winner is dependent on how much money one spends on the game. I enjoy chess even when I lose, because I know that every game I play my skill will improve.

What is your favorite food and why?

When it comes to food, there is only one thing that is the most important to my life. It is rice -- the staple of Asian culture. For the thousands of years people have lived in the region known today as China, rice has entered all people's daily meals. This cheap, plentiful grain shaped all cuisines in East Asia. Almost every Chinese dish (other than noodles) you can think of is meant to be eaten along with rice. There is no other type of grain, or vegetable, or anything else that's edible that is so important to the entire Asian culture other than rice --- my favorite food.

How long have you been playing your instrument and why have you continued playing this instrument?

I have been playing violin for more than 6 years now. I have continued playing the violin because it is a part of my life now which is hard to let go. Playing violin makes me relax and calm whenever I am stressed from schoolwork, or just whenever I'm bored out of my mind.

What is your favorite piece from this year's Christmas concert?

I like Toy Symphony because it is fast and bouncy rhythm which can be really enjoyable. I also like this song because it has a lot of energy. I feel like the audiences would love this song just by the energy we bring in while we play.

Name : Hanks Tsai

School : The Bronx High School of Science

Grade : 11th

Instrument : Cello

How long have you been playing your instrument and why have you continued playing this instrument?

I've played cello for 9 years, and I continue to play this instrument because it is fun to learn new pieces and improve my technique.

What are some hobbies that you enjoy doing?

Some hobbies that I enjoy doing include playing tennis, running, singing, and making music.

What is your favorite genre of music and why?

It would have to be R&B because they have strong bass lines and looped drum beats.

What is your favorite piece from this year's Christmas concert?

It would have to be the break because that is when we don't play and my ears feel at peace.

Why did you join this orchestra and what motivates you to keep coming back?

I joined this orchestra because my brother was already in it and it seemed like an interesting group. I keep coming back because of the shortage of people and to carry the orchestra ;).

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?

What I've really wanted to do but haven't in these 16 years of my life is to talk to a person.

What is your favorite food and why?

My favorite food is pizza and pasta, because it is a comfort meal.

If you only had one word to describe yourself, what would it be and why?

Buffoon, cause I'm an idiot.

What is your favorite piece from this year's Christmas concert?

My favorite piece from this year's Christmas concert is Toy Symphony by Leopold Mozart. I like Toy Symphony because I think it is a really creative piece that not only uses string instruments, but also toy instruments to play a song.

Why did you join this orchestra and what motivates you to keep coming back?

I joined the orchestra because I like to be part of a group that works as a team. Seeing that every week, everyone gathers to practice, really motivates me to come back. It makes me want to keep working hard and show up at every rehearsal to improve and do the best that I can for the orchestra. The weekly rehearsals became something I looked forward to. YOUTH ORCHESTRA, CYCNY

Name : Isabella Yang

School : M.S. 216Q

Grade : 6th

Instrument : Violin

How long have you been playing your instrument and why have you continued playing this instrument?

I have been playing the violin for 3-4 years by now. I have chosen to continue with this instrument because I enjoy the sound that is produced from the Violin and no other instrument can sound quite like it.

What is your favorite piece from this year's Christmas concert?

My favorite piece from this year's Holiday Concert is Toy Symphony because it has a fast tempo and it involves toy instruments which I thought was a fun idea to make things more interesting.

Name : Wei Tong Yu

School : IS 239 Mark Twain

Grade : 8th

Instrument : Violin

How long have you been playing your instrument and why have you continued playing this instrument?

I've been playing the violin for almost ten years now. My mother used to play violin, but she quit doing it at a very young age. My grandma wanted me to learn an instrument so my mom chose violin for me. Between 5-10 Years old, I use to hate anything that has to do with my violin. Practicing, playing, performing... I wanted to be other kids that just go do whatever they want after school. I never wanted to play it, but my mom kept forcing me. I swear I would never touch it ever again when I grow up. Somehow that idea got changed. When I was in fifth grade, my school music teacher came up to me and ask if I can play something for graduation and I agreed. For the first time I never thought violin could be fun. I felt my emotions released, anger, struggles all that kind of stuff are let out. After that, when ever I had a fight with my family, friends or a stranger, I would kept that to my self and release all of it during practice.

What is your favorite food and why?

My favorite food is bitter melon for some reason. I'm addicted to it when I was at a very young age. Other kids always hated it but I just love the taste of it. I don't taste the bitterness of it unless its raw, but with cooked eggs or beef or anything else, I will take it. We used to have bitter melon soup in kindergarten. I made a deal with those kids, if they have bitter melon in their soup, they'll give them to me and if I have onions, I'll give it to them.

Wish you and your family a joyful holiday season.

I enjoy the lively and fast-paced melody of Entry of the Gladiators.

Why did you join this orchestra and what motivates you to keep coming back?
Being able to play with others who also enjoy making music will always be something I enjoy doing.

Is there something you've always wanted to do, but never had the courage to do so? If so, what is it?
I've always wanted to try out ceramics, however I never had the courage to ask my parents to further invest into this interest on top of everything else that I do.

What is your favorite food and why?
My favorite dish has to be any style of ramen. You can enjoy it anytime and it's very simple to make at home.
